PRISMA ENGINEERING

Civil and industrial engineering and design company

Company Profile

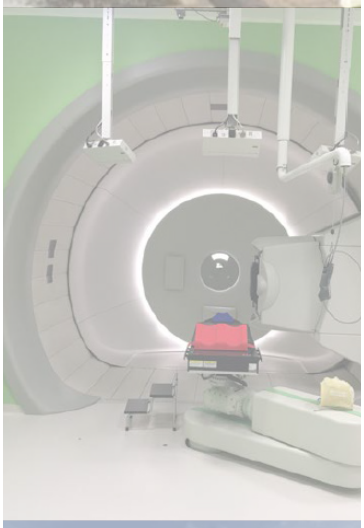

PRISMA ENGINEERING s.r.l. is an engineering company which for forty years has been engaged in design and construction management of major facilities in Italy and abroad. We operate in the fields of congress and executive facilities, hospitality, health and hospital facilities, research laboratories, clean rooms and nuclear facilities. The design is multidisciplinary, involves Civil and MEP Engineering and applies the most recent technological systems. We also carry out ambitious projects in the energy related fields, in collaboration with relevant players of the market. Experience, Innovation and Sustainability always guaranteed.
Human capital is the value on which our corporate culture is based. People, with their diversity, continue to bring development and knowledge. We have a dynamic, vibrant, multidisciplinary team to whom we offer professional growth and specific training. We look at commitment and work performance but also at well-being of the team, dialoguing in order to live well at work as welll

One partner, an established multidisciplinary experience

One of our main strengths is a **multidisciplinary team** which enables the company to offer a complete service and project control. The Team is made up of Architects, Landscape Architects, Structural Engineers, Civil Engineers, Mechanical Engineers, Electrical Engineers, Surveyors, Industrial Experts, IT and Automation Specialists, Safety and FSE Specialists, BIM Specialists, Technicians with expertise in acoustics, Supply and Shipping Management Specialists, and Project Management.

Services

- Architectural and structural design
- Mechanical engineering
- Electrical and special systems engineering
- Construction supervision
- Safety and fire safety engineering
- IT and automation
- Environment and energy aspects
- Project and construction management
- Turnkey projects
- Specialist consultancies

Area of expertise

HEALTHCARE AND RESEARCH
Hospital complexes, diagnostics and operating departments, analysis laboratories, clean rooms and outpatient clinics

INDUSTRIAL
Production facilities, industrial processes

COMMERCIAL AND EXECUTIVE
High rise buildings, offices, convention and shopping centers, showrooms

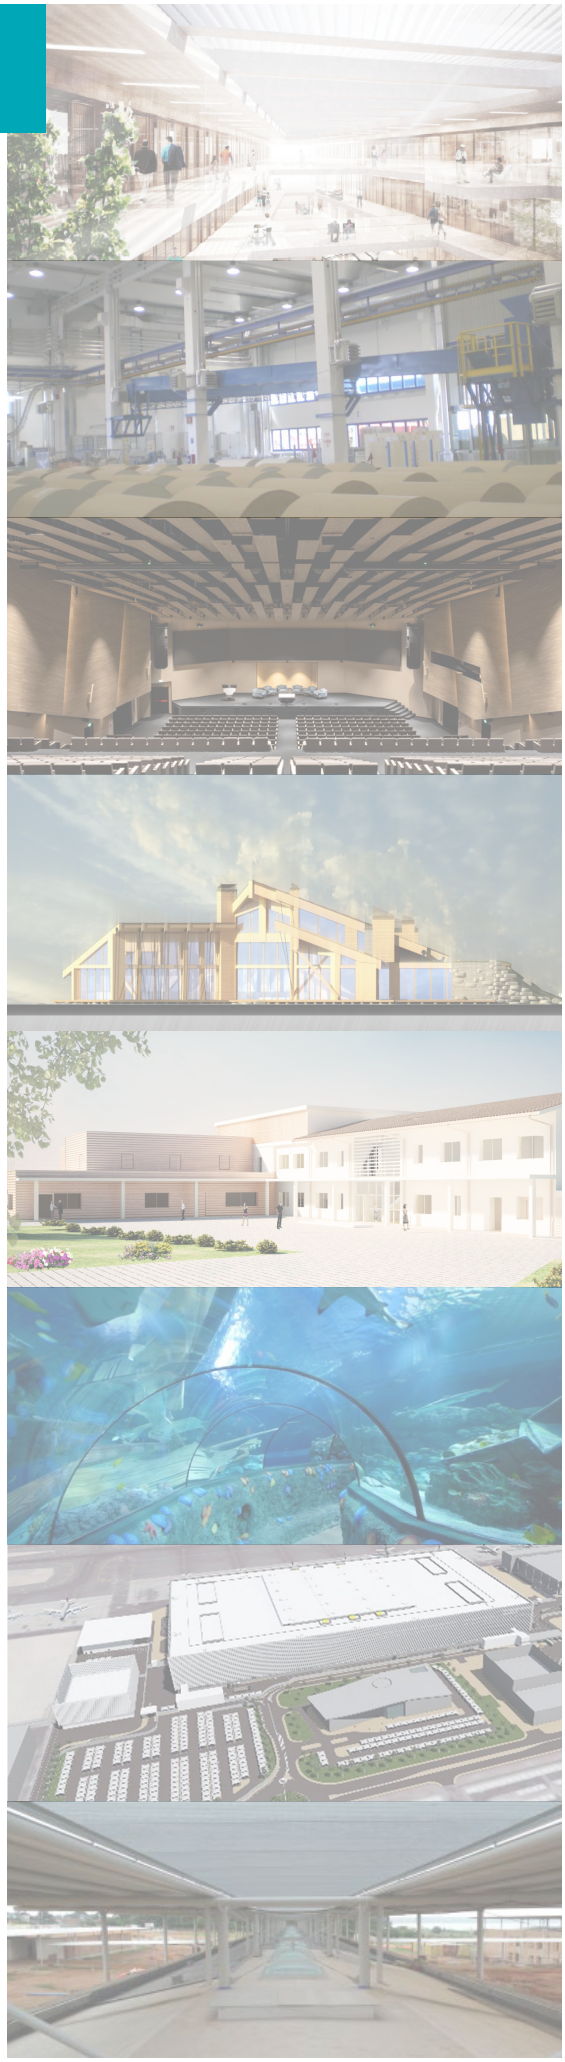

RESIDENTIAL AND TOURISM
Residential and luxury buildings, hotels, tourist facilities, refurbishment of historic buildings

EDUCATIONAL
Public cultural buildings, school and university buildings

LEISURE
Cinemas, theme parks, sports centers and museums

AIRPORT FACILITIES
Maintenance hangars and ground services

ENERGY
Energy efficiency and sustainability studies, use of renewable energy sources, upgrading, certification and energy diagnosis of buildings, research and innovation

Policy

PRISMA ENGINEERING SRL is committed to constantly pursue and spread the objectives of continuous improvement in the fields of Quality, Environment, Occupational Health and Safety, as an integral part of its business and as a strategic commitment related to the more general purposes of the Company, always considering internal and external factors, stakeholders, risks and opportunities.

PRISMA ENGINEERING SRL has always been committed to the pursuit of business goals, founding itself on full awareness of the centrality of the human factor, in every activity of its organization

Management is committed to:

1. Strictly comply with the legislation applicable to the products/services provided, as well as the requirements that the company has voluntarily signed up to.

2. Constantly promote actions and activities, in order to bring continuous improvement, with regard to environmental quality and occupational health and safety aspects.

3. Ensure safe and healthy working conditions that enable the prevention of occupational injuries and illnesses.

4. Ensure, with consistent proactivity over time, the prevention of pollution and environmental impact deriving from company processes and products, considering where possible a life-cycle perspective.

5. Eliminate sources of danger and reduce occupational health and safety risks, in line with the ever evolving technical and economic possibilities.

6. Maintain conditions that allow systematic consultation and, where applicable, participation, of workers and outsourcers in improving the performance of the organization and its integrated management system

7. Ensure that all workers share and are aware of the Company's goals and the responsibilities that each of them has in ensuring their achievement.

8. Promote staff motivation at all levels through means of regular meetings describing the company's strategy and the goals achieved.

9. Monitor planned improvement goals, evaluate the effectiveness of actions taken, assess any deviations, and take timely corrective actions to reduce potential risks to the organization

10. Ensure excellence level of the product, the work and the service provided to customer, ensuring technological innovation with an eye always on customer needs and satisfaction, with periodic assessments in order to monitor and implement any actions necessary for improvement.

11. To achieve ever-increasing competitiveness in order to gain significant market share through improved efficiency and internal cost control.

Certifications

In always wanting to improve, we have achieved the following certifications: ISO 9001 (since July 2001), subsequently updated to ISO 9001:2008 and **ISO 9001:2015**; **ISO 14001:2015** in 2018; **ISO 45001:2018** in 2020. Prisma Engineering also achieved **UNI/PdR 125:2022** certification for gender equality in 2024 and the **ISO 13485:2016** for design of medical gas distribution systems (MGDS) in 2026.

Completion of the emergency floor in the new operating wing at the Cittadella Hospital

Client: Azienda ULSS n.6 Euganea
Location: Cittadella (PD), Italia
Period: 2025 - 2026
Activities: Integration of specialized services, Executive design of mechanical, electrical, and special systems, Acoustic report

Complete renovation of the Surgical Clinic Pavilion, operating room block, and cardiac surgery intensive care unit at the Molinette Hospital in Torino

Client: OPERAMED S.r.l.
Location: Torino, Italy
Period: 2025-2026
Activities: Executive design of civil works, mechanical and fire protection systems, electrical systems.

Upgrade to seismic and fire safety regulations of Bassano del Grappa Hospital, including a functional renovation of the operating suite

Client: Azienda ULSS N.7 Pedemontana
Location: Bassano del Grappa (VI), Italia
Period: 2025 – in corso
Activities: Technical and Economic Feasibility Study, Safety Coordination during Design Phase

Realization of the project for the renovation and modernization of the Emergency Department at San Paolo Hospital in Civitavecchia (RM)

Client: ASL Roma 4
Location: Civitavecchia (RM), Italy
Period: 2025
Activities: Civil works and facilities, Safety Coordination during the Design Phase, Acoustic Report, CAM Report

New Nuclear Medicine Department at P.O. Nuovo Ospedale Apuano (MS)

Client: AZIENDA USL TOSCANA NORD OVEST
Location: Massa, Italy
Period: 2024 - 2025
Activities: Technical and Economic Feasibility Study

Services aimed at providing PET/CT diagnostic services delivered by the Nuclear Medicine Unit (UOC) of the Livorno Hospital (P.O. di Livorno)

Client: FORA S.p.A.
Location: Livorno, Italy
Period: 2024 design - WS ongoing
Activities: Executive design of civil works, mechanical and fire protection systems, electrical systems. Works Supervision and Safety Coordination during Execution Phase

Construction of 6 operating rooms for the New Pediatrics of Padua

Client: Azienda Ospedale-Università di Padova
Location: Padova, Italy
Period: 2024
Activities: Executive design of mechanical, electrical and special systems

Construction of the New Hospital “MATER SALUTIS” in Legnago (VR)

Client: Azienda ULSS 9 Scaligera
Location: Legnago (VR), Italy
Period: 2023– 2026
Activities: Technical and Economic Feasibility Study, final and executive design

Extension of Building I with installation of a Biomodule for animal housing on the ground floor of Building G in the Via Orus complex

Client: VIMM Venetian Institute of Molecular Medicine
Location: Padova, Italy
Period: 2023 – ongoing
Activities: Technical and economic feasibility study, safety coordination during final and executive phase, Works supervision

Works Supervision and Safety Coordination for the New Radiotherapy IOV at San Giacomo Hospital in Castelfranco Veneto (TV)

Client: IOV Istituto Oncologico Veneto
Location: Castelfranco Veneto (TV), Italy
Period: 2023 – ongoing
Activities: Works Supervision and Safety Coordination during Execution Phase

PNRR intervention M6.C1 1.1 and 1.3 - Isola della Scala, Caprino, Bussolengo, Nogara, Cerea, Valeggio, Zevio, Legnago

Client: Azienda ULSS 9 Scaligera
Location: Isola della Scala, Caprino, Bussolengo, Nogara, Cerea, Valeggio, Zevio, Legnago – Italy
Period: 2023 - 2024
Activities: Executive Design, Safety Coordination during the Design Phase

PNRR intervention M6.C1 1.3 - Thiene, Bassano, Asiago, Schio

Client: Azienda ULSS 7 Pedemontana
Location: Thiene, Bassano, Asiago e Schio – Italy
Period: 2023 - 2024
Activities: Executive Design, Safety Coordination during the Design Phase

PNRR intervention M6.C1 1.1 e 1.3 - Cesenatico, Riccione e Rimini

Client: Ausl della Romagna
Location: Cesenatico, Riccione, Rimini – Italy
Period: 2023
Activities: final design

PNRR intervention M6.C1 1.1 e 1.3 - Ivrea e Castellamonte

Client: ASL Torino 4
Location: Castellamonte (TO), Italy
Period: 2023
Activities: final and executive design. Works management

PNRR intervention M6.C1 1.1 - Foggia

Client: ASL Foggia
Location: Foggia (FG) e Provincia di Foggia - Italy
Period: 2023
Activities: final and executive design, construction supervision

Cryogenic room for Biobank at the Pietro d'Abano Biomedical Campus in Via Orus (PD)

Client: Azienda Ospedale - Università Padova
Location: Padova, Italy
Period: 2022 – 2025
Activities: Final and executive design, safety coordination during design and construction phases

Former INAM Outpatient Clinic in Marsala to be converted into a Territorial Assistance Facility (P.T.A.)

Client: Provincial Health Authority of Trapani
Location: Trapani, Italy
Period: 2022 – 2025
Activities: Technical and economic feasibility study, executive design, Works Supervision and Safety Coordination during Execution Phase

Engineering services for the integrated contract of renovation works of a building for the activation of the Community Health Center of Montagnana (PD)

Client: ULSS 6 Euganea
Location: Montagnana (PD), Italy
Period: 2022 - 2023
Activities: Technical and economic feasibility study, final design, Safety Coordination during Design Phase

Laboratory construction: mixed framework agreement for the provision of design services, execution of works, and supply of diagnostic systems for clinical biochemistry, immunometry, hematology, and coagulation tests for the creation of a core lab in Total Lab Automation (TLA). Torrette Hospital, Ancona

Client: Ospedali Riuniti di Ancona
Location: Ancona, Italy
Period: 2022 - 2023
Activities: Final and executive design, CSP

Design and Works Supervision for the Completion of the 1st, 2nd and 3rd floors – East Block building, Dolo Hospital (VE)

Client: ULSS N.3 SERENISSIMA
Location: Dolo (VE), Italy
Period: 2021 – 2024 (PD and PE); 2025 – ongoing (DLL and CSE)
Activities: Final and executive design of building works, mechanical, electrical and special systems, fire prevention design, Safety Coordination during Design and Execution phases, Works Supervision

Construction of the animal facility serving the School of Pharmacy and Nutraceutics of Catanzaro

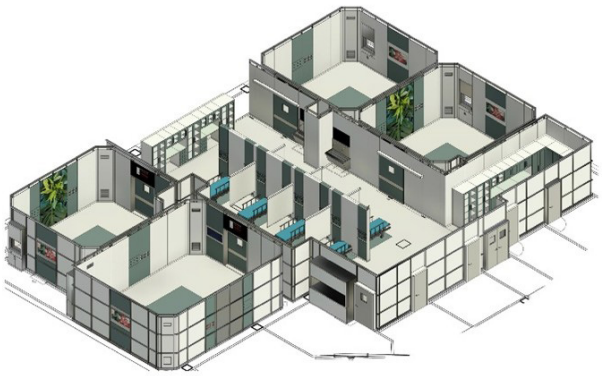

Client: University "Magna Graecia" of Catanzaro
Location: Catanzaro, Italy
Period: 2021 – 2024
Activities: Final and executive design of civil works, structures, mechanical, fire protection and electrical systems, Safety coordination during design phase

Works for the safety upgrading of existing premises for the preparation of radiopharmaceuticals according to NBP-MN – Basement – Building 15

Client: Careggi University Hospital
Location: Firenze, Italy
Period: 2021 – 2023
Activities: Executive design

Supply and construction of a temporary operating block for the "Santo Spirito" Hospital of Pescara. N° 4 operating rooms ISO 5.

Client: ASL PESCARA
Location: Pescara, Italy
Period: 2021 – 2022
Activities: Final and executive design, Safety Coordination during Design Phase. Acoustic report. CAM-DNSH report.

Completion and activation of GMP laboratories for the establishment of the Diabetes Cell Therapy Center at Building C – Pietro d'Abano Biomedical Campus (Via Orus, PD)

Client: Azienda Ospedaliera di Padova
Location: Padova, Italy
Period: 2021 – 2023
Activities: Executive design of civil works, electrical and mechanical systems, Works Supervision and Safety Coordination during Design and Execution phases

APSS TN - proposal for a public-private partnership, pursuant to Article 183, paragraph 15, of Legislative Decree 50/2016, for an energy performance contract pursuant to Legislative Decree 102/2014, concerning the energy and functional efficiency of the building/plant systems owned and/or used by the provincial company Servizi Sanitari di Trento, in addition to the implementation of healthcare improvements in the hospitals of Trento and Rovereto

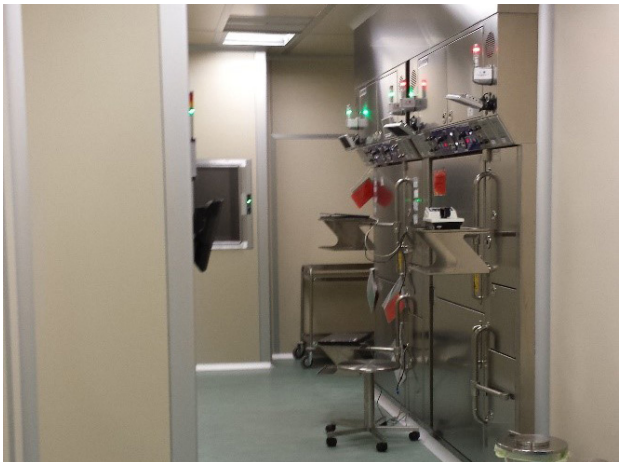

Client: MIECI S.p.A.
Location: Trento, Italy
Period: 2021
Activities: Technical and economic feasibility study

Azienda Provinciale per i Servizi Sanitari
Provincia Autonoma di Trento

New Radiotherapy IOV at "San Giacomo" Hospital in Castelfranco Veneto (TV)

Client: Istituto Oncologico Veneto IRCCS
Location: Castelfranco Veneto (TV), Italy
Period: 2020 – 2022
Activities: Final design of civil, structural and architectural works, mechanical and electrical systems

Modifications of cleanroom for relocation of cells

Client: COMECER S.p.A.
Location: Casarano (LE), Italy
Period: 2020
Activities: Final and executive design of civil works, mechanical and electrical systems, Works Supervision and Safety Coordination

Works of the III and IV lots of Udine Hospital

Client: Azienda Ospedaliero - Universitaria Santa Maria della Misericordia di Udine
Location: Udine, Italy
Period: 2019 – ongoing
Activities: Works Supervision, assistance, measurement and accounting of works, Safety Coordination during design and execution phases, testing assistance, support in obtaining all approvals and authorizations

Radiopharmacy laboratory at S. Cataldo Hospital CNR – Pisa

Client: Fondazione Toscana G. Monasterio
Location: Pisa, Italy
Period: 2019 – 2023
Activities: Executive design of civil and structural works, mechanical and electrical systems. Safety Coordination during design phase. Execution of works

Veneto Region - Azienda Zero. Open electronic tender for the integrated energy and technology management of healthcare facilities in the Veneto Region (GETIS)

Client: Guerrato S.p.A.
Location: Veneto Region, Italy
Period: 2019
Activities: Surveys

S.C.R. – Piemonte S.p.A. "MULTISERVIZIO ENERGIA" for the provision of energy and environmental comfort services through the management and maintenance of facilities and systems and with the implementation of energy efficiency investments through the redevelopment of the building envelopes, internal lighting and technological systems of the real estate assets of the Alessandria Hospital Health Authority

Client: Engie Servizi S.p.A.
Location: Piemonte Region, Italy
Period: 2019
Activities: Surveys

Maintenance intervention – partial replacement of elevator systems – P.O. San Paolo, Milan

Client: ASST Santi Paolo e Carlo
Location: Milano, Italy
Period: 2019
Activities: Final and executive design of civil works and electrical systems serving the plant, Safety coordination during design phase

Construction of a new pavilion for inpatient and outpatient activities at Cittadella Hospital and for the redevelopment of the surrounding area

Client: ULSS N.6 EUGANEA
Location: Cittadella (PD), Italy
Period: 2018 – 2022
Activities: Technical and economic feasibility study during competition phase. Final design. Fire safety design.

New Hospital Hub of Trentino in Al Desert, Trento

Client: Guerrato SpA
Location: Trento, Italy
Period: 2018 – 2019
Activities: Preliminary design of electrical and mechanical systems and fire prevention

General interventions for infrastructure implementation, regulatory compliance, and workplace safety – extraordinary maintenance of elevator systems at P.O. S. Carlo, Milan

Client: ASST Santi Paolo e Carlo
Location: Milano, Italy
Period: 2018 – 2019
Activities: Final and executive design of civil works and electrical systems serving the plant

Renovation of premises used by CNR - Institute of Neuroscience (IN) in the University of Milan building at Via Vanvitelli 32, Milan

Client: CNR - Consiglio Nazionale delle Ricerche, Milano
Location: Milano, Italy
Period: 2018
Activities: Executive design

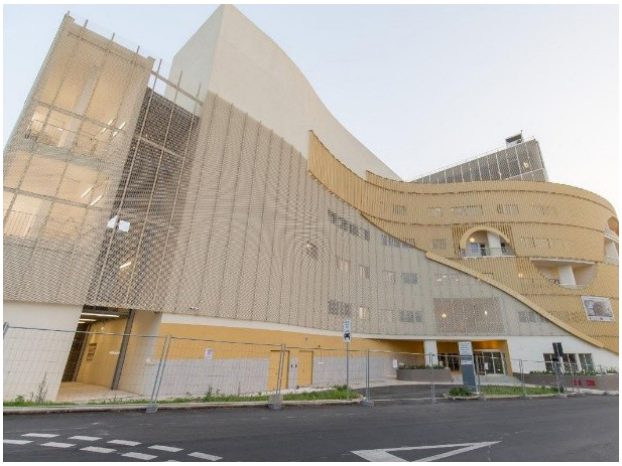

Renovation and regulatory compliance of the Outpatient Clinic in Via Dante – San Giovanni in Persiceto (BO)

Client: AUSL Bologna
Location: San Giovanni in Persiceto (BO), Italy
Period: 2018
Activities: Final and executive design of mechanical and electrical systems

Design and construction of "Vincent Moran Primary Health Care Southern Regional Hub" using eco-friendly construction materials and products. 60 beds.

Client: Ergon Projects ltd
Location: Paola, Malta
Period: 2017 – 2022
Activities: Design of mechanical and electrical systems

Enhancement of research infrastructures of the GMP Facility, research laboratories, and diagnostic and therapeutic services of IRCCS ISMETT (Mediterranean Institute for Transplantation and Highly Specialized Therapies). Class B GMP Laboratory.

Client: IRCCS ISMETT
Location: Palermo, Italy
Period: 2017 – 2019 (Design.), 2019 – 2021 (WS)
Activities: Final and executive design of civil works, mechanical and electrical systems, fire prevention. Works Supervision

Assessment of mechanical systems and modification of the air conditioning system at Salam Cardiac Surgery Center, Khartoum, Sudan

Client: EMERGENCY NGO ONLUS
Location: Khartoum, Sudan
Period: 2017 – 2018
Activities: Executive design

Upgrade of the Radiochemistry Laboratory following the relocation of existing cells and installation of new cells at I.E.O. European Institute of Oncology – Milan

Client: COMECER S.p.A.
Location: Milano, Italy
Period: 2017 – 2018
Activities: Construction of civil works and mechanical and electrical systems

Executive design of a variant for the installation of a new 3T magnetic resonance imaging system in the "Ex Infectious Diseases Pavilion" of San Gerardo Hospital, Monza

Client: Università degli Studi di Milano Bicocca
Location: Monza, Italy
Period: 2017
Activities: Executive design of civil works, mechanical and electrical systems

Design of the intervention called "High Intensity Care Area – Structural and Functional Improvement, DEA Building, first floor" – S. Carlo Hospital, Milan

Client: ASST Santi Paolo e Carlo
Location: Milano, Italy
Period: 2017
Activities: Executive design of mechanical and electrical systems

Surveys for the tender for the award of the Facility Management service relating to Lot 1: Properties of ATS Brescia, ATS Bergamo, ASST Bergamo Est

Client: Becs (MST, Cristoforetti, Apleona)
Location: Lombardia Region, Italy
Period: 2017
Activities:surveys

Surveys for the tender for the award of the Facility Management service relating to Lot 2: IRCCS Fondazione Istituto Nazionale dei Tumori (National Cancer Institute) – Milan

Client: Becs (MST, Cristoforetti, Apleona)
Location: Lombardia Region, Italy
Period: 2017
Activities:surveys

Surveys for the tender for the award of the Facility Management service relating to Lot 3: ASST of Valtellina and Alto Lario

Client: Becs (MST, Cristoforetti, Apleona)
Location: Lombardia Region, Italy
Period: 2017
Activities: surveys

Surveys for the tender for the award of the Facility Management service relating to Lot 4: Lecco ASST

Client: Becs (MST, Cristoforetti, Apleona)
Location: Lombardia Region, Italy
Period: 2017
Activities:surveys

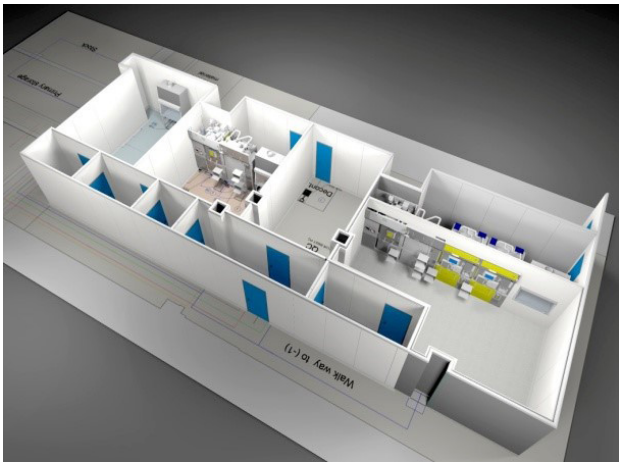

Surveys for the tender for the award of the Facility Management service relating to Lot 5: ASST Ovest Milanese, ATS Brianza, ATS Insubria

Client: Becs (MST, Cristoforetti, Apleona)
Location: Lombardia Region, Italy
Period: 2017
Activities: surveys

Design and construction of 4 GMP radiopharmaceutical laboratories at Universitair Ziekenhuis – Brussels

Client: COMECER
Location: Bruxelles, Belgium
Period: 2016 – 2019
Activities: Final and executive design of architectural and structural works, mechanical and electrical systems, Works Supervision

Design and construction of a Radiotherapy building at Monselice Hospital (PD) with 5 bunkers for accelerators, tomotherapy, and CT

Client: ULSS N.6 EUGANEA (ex ULSS N.17)
Location: Monselice (PD), Italy
Period: 2016 – 2018
Activities: Final and executive design of civil works, mechanical and electrical systems

Technical and economic feasibility study for fire safety upgrades of the third floor – Piove di Sacco Hospital (PD)

Client: Azienda ULSS N.6 Euganea
Location: Piove di Sacco (PD), Italy
Period: 2016 - 2018
Activities: Feasibility study

Preparation of the executive design for the installation of 2 magnetic resonance imaging systems at the Hospitals of San Daniele del Friuli and Tolmezzo

Client: Azienda per l'Assistenza Sanitaria N°3 "Alto Friuli – Collinare – Medio Friuli"
Location: San Daniele del Friuli e Tolmezzo (UD), Italy
Period: 2016 – 2017
Activities: Executive design of civil works, mechanical and electrical systems

New Boiler Plant for the Plastic Surgery Pavilion at ARNAS – "Civico - Di Cristina – Benfratelli" Hospital Complex – Palermo

Client: Guerrato S.p.A.
Location: Palermo, Italy
Period: 2016 – 2017
Activities: Executive design of civil works, mechanical and electrical systems, and fire prevention design

Project for the renovation and extension of the CSA Bon Bozzolla Institute in Farra di Soligo

Client: I.P.A.B. Istituto Bon Bozzolla
Location: Farra di Soligo (TV), Italy
Period: 2016
Activities: Final architectural, structural, electrical, and mechanical design, Fire safety design and Safety coordination during design phase

Construction of the new Hospital of Vibo Valentia and management of non-medical support services as well as commercial services compatible with healthcare activities

Client: Vibo Hospital Service S.p.A.
Location: Vibo Valentia, Italy
Period: 2015 – 2024
Activities: Preliminary, final, and executive design of mechanical and electrical systems, including systems for imaging diagnostic equipment and oncology center

Design and construction of a radiopharmacy laboratory at San Bortolo Hospital, Vicenza

Client: ULSS N. 6 VICENZA
Location: Vicenza, Italy
Period: 2015 – 2018
Activities: Final and executive architectural, structural and civil works design, electrical and mechanical systems. Construction ongoing

Executive design and execution of works for the renovation of the Cystic Fibrosis Unit at the Integrated University Hospital of Verona

Client: AOUI Verona
Location: Verona, Italy
Period: 2015 – 2016
Activities: Executive design of civil works, mechanical and electrical systems

Radiopharmaceutical preparation unit for oncology treatments at Piove di Sacco Hospital (PD)

Client: ULSS N. 16 PADOVA
Location: Piove di Sacco (PD), Italy
Period: 2015 – 2016
Activities: Executive design of architectural, civil and structural works, mechanical and electrical systems, equipment layout, cleanroom and Safety Coordination during design. Site supervision and testing

Design of civil works and electrical and mechanical systems for the expansion of the galenic preparation laboratory within Farmacia Campedello

Client: Farmacia Campedello
Location: Vicenza, Italy
Period: 2015 – 2016
Activities: Final and executive design

Installation works of a new external elevator at the psychiatric facilities of Pullir in Cesiomaggiore (BL)

Client: ULSS N.2 di Feltre
Location: Pullir di Cesiomaggiore (BL), Italy
Period: 2015 - 2016
Activities: Preliminary, final and executive design of civil works and electrical systems, Safety Coordination during design and execution, Works Supervision, accounting and final testing

Construction of the new Casa della Salute of Modena – Primary Care Unit

Client: Bilfinger Sielv Facility Management Srl; CFC Soc. Coop.
Location: Modena, Italy
Period: 2015
Activities: Final design during tender phase

New barriered animal facility, ground floor, Building F, Via Orus, Padua

Client: Università degli Studi di Padova
Location: Padova, Italy
Period: 2015
Activities: Final and executive design of civil and structural works, electrical and mechanical systems. Works Supervision

Design of a new animal facility of approximately 300 m² on the 4th floor of Building B of the “ex Regina Elena” complex – Sapienza University, Rome

Client: Università La Sapienza di Roma
Location: Roma, Italy
Period: 2015
Activities: Executive design of civil works, mechanical and electrical systems

Executive design and execution of works for the construction of the new Dialysis Center, Day Surgery, and outpatient clinics at S. Donà di Piave Hospital

Client: Guerrato S.p.A.
Location: S. Donà di Piave (VE), Italy
Period: 2014 – 2016
Activities: Executive design of mechanical and electrical systems

Fire safety upgrade of local psychiatric healthcare facilities in Pullir, Cesiomaggiore

Client: ULSS N.2 di Feltre
Location: Feltre (BL), Italy
Period: 2014 – 2016
Activities: Works Supervision and Safety Coordination

New territorial headquarters of the Istituto Zooprofilattico Sperimentale delle Venezie in Buttapietra (VR) with laboratories and BLS3 cleanroom

Client: Bilfinger Sielv Facility Management Srl
Location: Buttapietra (VR), Italy
Period: 2014 – 2016
Activities: Final and executive design of civil and structural works, plumbing, mechanical and electrical systems, equipment layout

Acquisition of a new 0.4T Magnetic Resonance Imaging system and construction of a new reporting area – first phase

Client: ULSS 3 Bassano del Grappa
Location: Bassano del Grappa (VI), Italy
Period: 2014
Activities: Executive design of mechanical, electrical and special systems

Design of systems for Pediatric Hospital – Kampala, Uganda

Client: EMERGENCY N.G.O.
Location: Kampala, Uganda
Period: 2013 – 2018
Activities: Preliminary, final and executive design of mechanical and electrical systems

New animal facility, ground floor, Building F, Via Orus, Padua

Client: VIMM; Università degli Studi di Padova; Azienda Ospedaliera di Padova
Location: Padova, Italy
Period: 2013 - 2015
Activities: Works Supervision and Safety Coordination

Expansion and renovation works of Faenza Hospital – new east courtyard – construction of stairwell and relocation and expansion of the emergency department

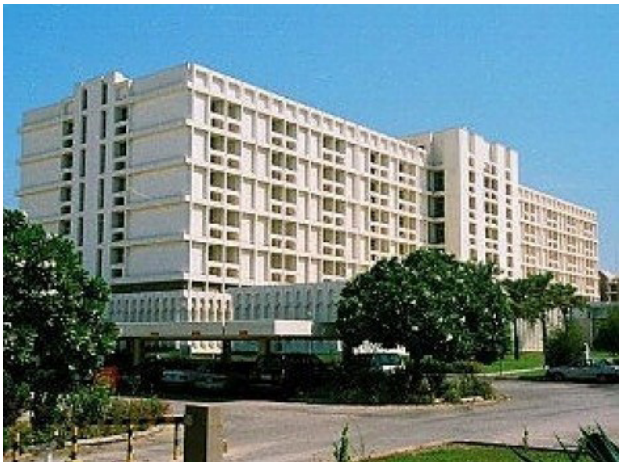

Client: AUSL di Ravenna
Location: Faenza (RA), Italy
Period: 2013 - 2014
Activities: Executive architectural and structural design, mechanical and electrical systems

New operating rooms at Zlitan Teaching Hospital, Libya

Client: Ministry of Health, Libya
Location: Zlitan, Libya
Period: 2013 - 2014
Activities: Final and executive architectural and structural design, mechanical and electrical systems

Heat management and maintenance of technological systems for "Civico e Benefratelli" and "Di Cristina" Hospital Complexes – Palermo. Redevelopment and installation of a trigeneration system

Client: Guerrato Spa
Location: Palermo, Italy
Period: 2013
Activities: Final and executive design of civil works, mechanical and electrical systems

Works Supervision for the completion of the Cell Factory laboratories at Fondazione Biomedica Avanzata, Via Orus 2, Padua

Client: Azienda Ospedaliera di Padova – Università degli Studi di Padova – VIMM
Location: Padova, Italy
Period: 2012 – 2014
Activities: Works Supervision, accounting

Executive design of all works and supplies necessary for the upgrade of Asiago Hospital

Client: Guerrato Spa
Location: Asiago (VI), Italy
Period: 2012 - 2013
Activities: General coordination, executive design, civil works, plumbing, mechanical and electrical systems

New Hospital Complex in Livorno with functions of hospital, hospice, and rehabilitation. In addition, renovation of two pavilions to create spaces for RSA

Client: Guerrato Spa
Location: Livorno, Italy
Period: 2012
Activities: Preliminary design of electrical, plumbing, and mechanical systems

New Trentino Hospital Complex in Al Desert, Trento

Client: Impresa Ing. E. Mantovani Spa
Location: Trento, Italy
Period: 2012
Activities: Preliminary design

Upgrade of patient rooms in the Obstetrics Department, S. Maria degli Angeli Hospital

Client: Set Srl
Location: Pordenone, Italy
Period: 2012
Activities: Preliminary, final, and executive design of electrical and mechanical systems

Fire safety upgrade of local healthcare facilities in Pullir, Cesiomaggiore

Client: ULSS n. 2 di Feltre
Location: Feltre (BL), Italy
Period: 2012
Activities: Executive design

Surveys, verification, and mapping of seismic movement signs in the “Infettivi,” “via Orus,” and “via Modena” buildings in Padua

Client: Azienda Ospedaliera di Padova
Location: Padova, Italy
Period: 2012
Activities: Surveys

Systems design for the construction of the new “New Building” at Zambon Farmaceutica – Via della Chimica 9, Vicenza

Client: Zambon Farmaceutica S.p.A.
Location: Vicenza, Italy
Period: 2011 - 2014
Activities: Executive design of mechanical and electrical systems

Architectural and systems design for a new university building to be used as an Animal Facility with BLS3 laboratories at the Biomedical Chemistry Campus of the University of Ferrara

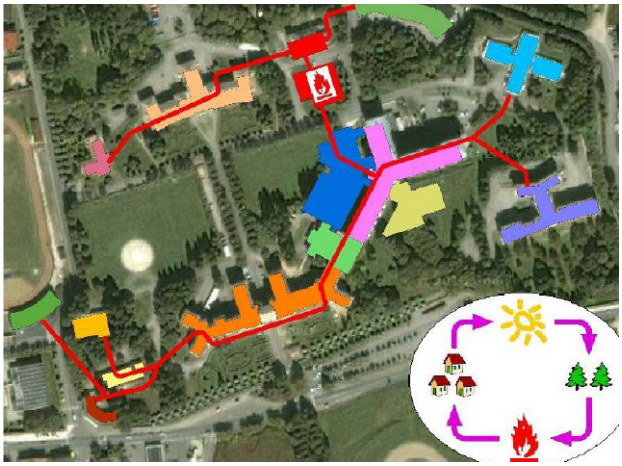

Client: Università degli Studi di Ferrara
Location: Ferrara, Italy
Period: 2011 – 2012 progettazione, 2012 - 2015 DO
Activities: Final and executive design, operational management, Safety Coordination during execution

Cell Factory laboratories (B GMP Class and BLS3 C GMP Class) within the "Fondazione Ricerca Biomedica Avanzata" research center, Via Orus, Padua

Client: Università degli Studi di Padova, Azienda Ospedaliera di Padova, VIMM Venetian Institute of Molecular Medicine
Location: Padova, Italy
Period: 2011 - 2012
Activities: Final and executive architectural design, civil works, and electrical and mechanical systems. Works Supervision

Energy efficiency interventions for urban systems: district heating and energy improvement of the buildings of Feltre Hospital

Client: ULSS n. 2 di Feltre
Location: Feltre (BL), Italy
Period: 2011
Activities: Feasibility study and preliminary desig

Renovation and adaptation of spaces in the "Ex Infectious Diseases Pavilion" at San Gerardo Hospital, Monza, including the construction of new nuclear medicine laboratories, cleanroom, and animal facility on the second basement floor

Client: Università degli Studi di Milano - Bicocca
Location: Monza, Italy
Period: 2010 – 2012 design, 2012 - 2018 WS
Activities: Final design of civil works, electrical and mechanical systems. Works Supervision, accounting

New Antiblastic Drug Preparation Pharmacy at Busonera Hospital, Padua

Client: I.O.V. Istituto Oncologico Veneto di Padova
Location: Padova, Italy
Period: 2010 - 2011
Activities: Final design of architectural and civil works, electrical and mechanical systems, construction supervision

Upgrade works for the new Core Lab at Reggio Emilia Hospital

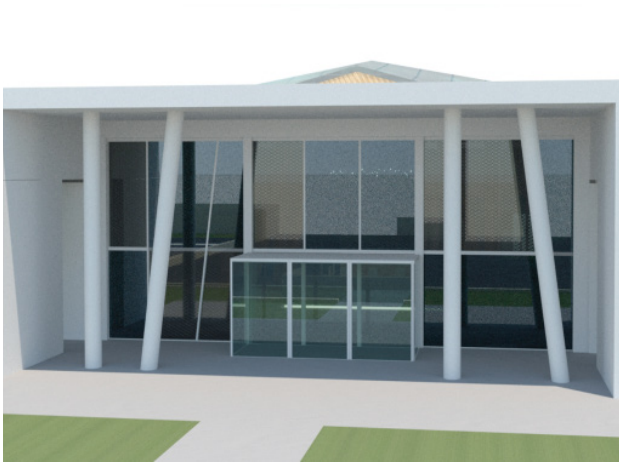

Client: Azienda Ospedaliera di Reggio Emilia
Location: Reggio Emilia, Italy
Period: 2010, 2012 - 2013
Activities: Final and executive design of civil works and systems

Fire safety project for the psychiatric facilities in Pullir, Cesiomaggiore

Client: ULSS n. 2 di Feltre
Location: Pullir (BL), Italy
Period: 2010
Activities: Preliminary fire safety design and submission for VVF approval

Design of architectural, structural works and sy stems for the new Public Hospital of Az Zentan, Libya

Client: Al Usool al Aqariya for General Contracting Co.
Location: Az Zentan, Libya
Period: 2010
Activities: Preliminary and final design of civil, structural works, and mechanical and electrical systems

Construction of a new centralized laboratory for San Martino Hospital, Genoa

Client: Azienda Ospedaliera Universitaria "San Martino"
Location: Genova, Italy
Period: 2010
Activities: Final design during tender phase

Project for a new operating block, new ICU, new radiology, new emergency department, and new entrances at Feltre Hospital. 2,000 m², ISO 7 and ISO 5

Client: ULSS n. 2 di Feltre
Location: Feltre (BL), Italy
Period: 2009 - 2011
Activities: Final and executive design of civil, structural works, and mechanical and electrical systems

New Single Acute Care Hospital – ULSS N.17. The hospital consists of three buildings, each housing various departments: analysis laboratories, radiology, outpatient clinics, inpatient wards, and operating rooms

Client: ULSS n. 17 di Monselice – Este (PD)
Location: Monselice (PD), Italy
Period: 2009 - 2010
Activities: Executive design of electrical systems

Design of the new operating block at Noventa Vicentina Hospital

Client: ULSS n. 6 di Vicenza
Location: Noventa Vicentina (VI), Italy
Period: 2009
Activities: Final and executive design of civil, structural works, plumbing, mechanical, and electrical systems

Seismic and static retrofitting works New Radiology Department - Busonera Hospital, Padua

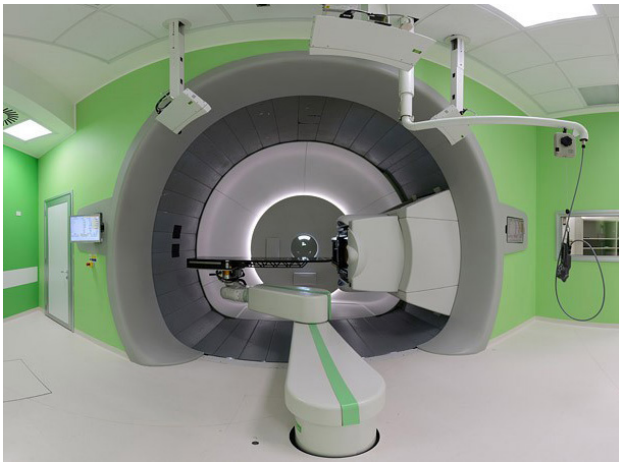

Client: IOV – Istituto Oncologico Veneto
Location: Padova, Italy
Period: 2009
Activities: Retrofitting

Extraordinary maintenance work for seismic retrofitting and structural interventions at Busonera Hospital located at Via Gattamelata 64, Padua

Client: IOV – Istituto Oncologico Veneto
Location: Padova, Italy
Period: 2008 - 2012
Activities: Preliminary and final design, works management, testing assistance, works accounting, safety coordination during the execution of works

Mechanical systems design for the new Proton Therapy Center in the Province of Trento, a highly specialized facility applying the latest technologies for cancer treatment with PET, MRI, outpatient clinics, and day hospital. ISO 7

Client: Hydrostudio Consulting Engineering Srl
Location: Trento, Italy
Period: 2008 – 2010
Activities: Final and executive design of mechanical systems

New cyclotron, radiopharmaceutical production unit, and PET department at Tripoli Medical Center, Libya. Class B

Client: TMC per conto di Al Usool Al Aqariya for General Contracting Co.
Location: Tripoli, Libya
Period: 2008 - 2009
Activities: Preliminary, final, and executive design of civil and structural works, electrical, plumbing, and mechanical systems, and Works Supervision

Renovation and regulatory compliance upgrade of the technology platform at the Anna Moretti Bonora Senior Citizens' Service Center - Camposampiero (PD)

Client: CSA Bonora
Location: Camposampiero (PD), Italy
Period: 2008
Activities: Preliminary, final, and executive design of civil works, electrical and mechanical systems. Fire prevention project. Works management, accounting, safety coordination during the design and execution phases, testing

Completion of the Cell Factory laboratories at the Advanced Biomedical Research Foundation, Via Orus 2, Padua

Client: Azienda Ospedaliera di Padova – Università degli Studi di Padova – VIMM
Location: Padova, Italy
Period: 2008
Activities: Final design, executive design. 600 m² GMP clean room

Systems upgrade of the 4th and 6th floors of the 2nd phase of Camposampiero Hospital

Client: ULSS n.15 - Cittadella
Location: Camposampiero (PD), Italy
Period: 2008
Activities: Executive design of mechanical systems

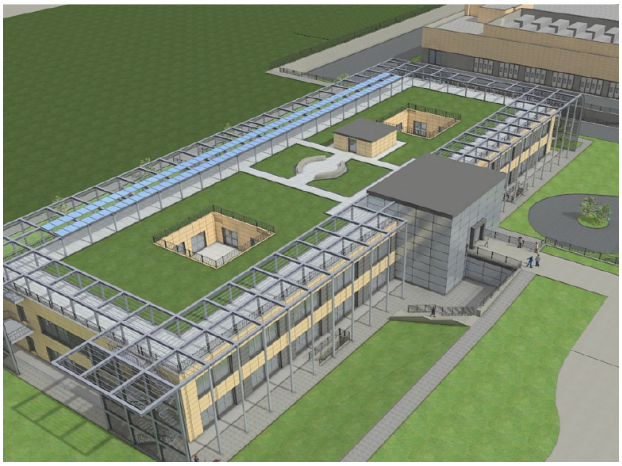

New medical gas plant serving the "Anna Moretti Bonora" Senior Citizens' Service Center – Camposampiero (PD)

Client: CSA Bonora
Location: Camposampiero (PD), Italy
Period: 2008
Activities: Preliminary, final, and executive design. Works management, accounting, safety coordination during the design and execution phases

Construction and management of the technical center, cogeneration plant, service tunnels, service center, laboratories, city district heating network, and operation and management of systems for the Azienda Ospedaliera Universitaria S. Maria della Misericordia di Udine

Client: Cofathec S.p.A.
Location: Udine, Italy
Period: 2008
Activities: Tender for final design of civil and structural works, electrical, plumbing, and mechanical systems

ENERGY AND HEAT SERVICE CONTRACT – VENICE AND ROVIGO AREA: Contract for the operation and management of healthcare and social care facilities: ULSS 12 Veneziana (lead partner), ULSS 10 Veneto Orientale, ULSS 13 Mirano, ULSS 14 Chioggia, ULSS 18 Rovigo, ULSS 19 Adria

Client: Cofathec Servizi S.p.A.
Location: Padova, Italy
Period: 2008
Activities: Surveys

Renovation systems for the A. M. Bonora Senior Citizens' Service Center

Client: CSA Bonora
Location: Camposampiero (PD), Italy
Period: 2007
Activities: Design of systems for the renovation of the 1st, 4th, and 5th floors of the Bonora Senior Citizens Service Center in Camposampiero

Design for new operating rooms at the Istituto Oncologico Veneto – IOV. ISO 5

Client: Gruppo SAE S.p.A per l'Azienda Ospedaliera di Padova
Location: Padova, Italy
Period: 2007
Activities: Executive design and Works supervision

Renovation of Villa Maran and adjoining buildings to create an administrative facility for the Alta Padovana Health Unit

Client: ULSS N.15 Alta Padovana
Location: Camposampiero (PD), Italy
Period: 2007
Activities: Executive design

Design of new pharmacy premises for the preparation of antineoplastic drugs at the Veneto Oncology Institute (IOV) - ISO 7

Client: Gruppo SAE S.p.A per l'Azienda Ospedaliera di Padova
Location: Padova, Italy
Period: 2007
Activities: Executive architectural design and civil works, electrical and mechanical systems

Cyclotron bunker for the production of isotopes for positron emission tomography; GMP-class cleanroom for the radiopharmaceutical production department at Ospedale S. Gerardo di Monza

Client: Università degli Studi di Milano - Bicocca
Location: Monza, Italy
Period: 2006 - 2007
Activities: Executive design of civil and structural works and systems

Central Laboratory of the Belcolle Hospital Complex, equipped with automated diagnostic systems

Client: ASL Viterbo
Location: Belcolle (VT), Italy
Period: 2006 - 2007
Activities: Definitive and executive design of civil works and systems

Renovation of the fourth floor of the Acero Pavilion and new refrigeration station at the Betulla Pavilion of the Anna Moretti Bonora Senior Citizens' Service Center – Camposampiero (PD)

Client: CSA Bonora
Location: Camposampiero (PD), Italy
Period: 2006
Activities: Renovation

Building renovation to create 20 beds for non-self-sufficient residents on the first floor, installation of a new stair lift, and fire prevention upgrades at the Acero residence of the Anna Moretti Bonora Senior Services Center in Camposampiero (PD)

Client: CSA Bonora
Location: Camposampiero (PD), Italy
Period: 2006
Activities: Renovation

Extraordinary maintenance work on the "Residence Fontana" for the creation of an Alzheimer's unit within the L. Mariutto nursing home – Mirano (VE)

Client: I.P.A.B. L. Mariutto
Location: Mirano (VE), Italy
Period: 2005
Activities: Maintenance work

Expansion and regulatory compliance upgrade of the outpatient cosmetic surgery facility in Via S. Lucia, to be used as a surgical clinic and outpatient clinic with operating room

Client: Pallaoro Medical Laser
Location: Padova, Italy
Period: 2005
Activities: Preliminary, final, and executive design, construction supervision, coordination of civil works and systems safety

Design of new pharmacy spaces for the preparation of antiblastic drugs at the Veneto Oncological Institute (IOV). ISO 7

Client: Gruppo SAE S.p.A per l'Azienda Ospedaliera di Padova
Location: Padova, Italy
Period: 2007
Activities: Executive design

Design of Molecular Biology Laboratories: Class B Cell Factory for VIMM (Veneto Institute of Molecular Medicine), formerly "Istituto Zooprofilattico delle Venezie", Via Orus, Padova

Client: Università degli Studi di Padova
Location: Padova, Italy
Period: 2004
Activities: Preliminary, definitive, and executive design

New neonatal department, including operating rooms and patient rooms, named Temporary Medical Birthing Centre at Caserma Ederle, Vicenza

Client: Andriolo Srl
Location: Vicenza, Italy
Period: 2004
Activities: Executive design

New laboratories at Eurand Spa headquarters – ISO 5 clean room, 800 m²

Client: Eurand Spa
Location: Trieste, Italy
Period: 2003
Activities: Plant design and construction supervision

Highly Automated and Sophisticated Provincial Unified Laboratory for Baggiovara Hospital

Client: Beckman Coulter Spa per l'AUSL Modena
Location: Baggiovara (MO), Italy
Period: 2003
Activities: Executive design and construction

Fire Prevention Compliance Upgrade for the "Treatment" Block of the Policlinico – Padua University Hospital

Client: Università degli Studi di Padova
Location: Padova, Italy
Period: 2003
Activities: Fire prevention design

Renovation of the first floor of the Busonera Hospital in Padua as an Oncology Day Hospital

Client: Icom Engineering S.p.A.
Location: Padova, Italy
Period: 2003
Activities: Executive architectural design and civil works, electrical and mechanical systems

Design and Construction of a New Magnetic Resonance Imaging (MRI) System for the Oncology Department at Dolo Hospital

Client: SIC
Location: Dolo (VE), Italy
Period: 2002
Activities: Detailed executive design of architectural and civil works, mechanical systems, and electrical systems

Medical Imaging – Hemodynamics Outpatient Clinic at Mirano Hospital

Client: SIC
Location: Mirano (VE), Italy
Period: 2002
Activities: Executive design and installation of Magnetic Resonance Imaging and CT scanning equipment

Fire prevention regulatory compliance for the Cardiology and Cardiac Surgery departments at Padua Civil Hospital

Client: Azienda Ospedaliera di Padova
Location: Padova, Italy
Period: 2001
Activities: Fire prevention design and compliance upgrades

Restoration and regulatory update of buildings B, C, D, E, F within the "Fondazione Ricerca Biomedica Avanzata," Padova

Client: Università degli Studi di Padova
Location: Padova, Italy
Period: 2000 - 2004
Activities: Preliminary, definitive, and executive design, project management, safety coordination

Renovation of the Infectious Diseases Ward at Padua Hospital

Client: Icom Engineering S.p.A
Location: Padova, Italy
Period: 2000
Activities: Detailed design of architectural and civil works, mechanical and electrical systems, and construction supervisioni

Renovation of the Kitchens at Dolo Hospital

Client: ULSS n.13 di Dolo-Mirano
Location: Dolo (VE), Italy
Period: 2000
Activities: Renovation

Renovation of the Second Floor of Busonera Hospital in Padua as an Oncological Day Hospital

Client: Icom Engineering S.p.A.
Location: Padova, Italy
Period: 2000
Activities: Renovation

Design and construction of safety staircase for Obstetrics Clinic. Padua Hospital

Client: Università degli Studi di Padova
Location: Padova, Italy
Period: 2000
Activities: Design and construction

Renovation of Building "G" with Laboratories, Animal Facility, and Offices at the "Fondazione Ricerca Biomedica Avanzata", Padova

Client: Università degli Studi di Padova – Azienda Ospedaliera di Padova
Location: Padova, Italy
Period: 1998 - 2000
Activities: Executive design
