PRISMA ENGINEERING

Civil and industrial engineering and design company

Company Profile

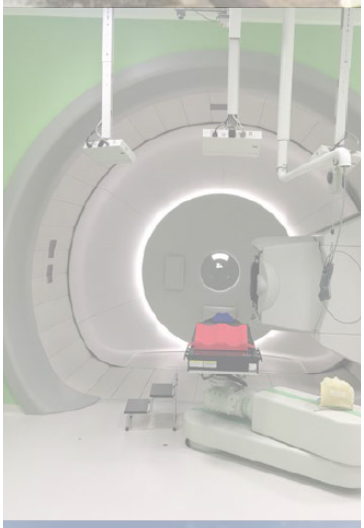

PRISMA ENGINEERING s.r.l. is an engineering company which for forty years has been engaged in design and construction management of major facilities in Italy and abroad. We operate in the fields of congress and executive facilities, hospitality, health and hospital facilities, research laboratories, clean rooms and nuclear facilities. The design is multidisciplinary, involves Civil and MEP Engineering and applies the most recent technological systems. We also carry out ambitious projects in the energy related fields, in collaboration with relevant players of the market. Experience, Innovation and Sustainability always guaranteed.
Human capital is the value on which our corporate culture is based. People, with their diversity, continue to bring development and knowledge. We have a dynamic, vibrant, multidisciplinary team to whom we offer professional growth and specific training. We look at commitment and work performance but also at well-being of the team, dialoguing in order to live well at work as welll

One partner, an established multidisciplinary experience

One of our main strengths is a **multidisciplinary team** which enables the company to offer a complete service and project control. The Team is made up of Architects, Landscape Architects, Structural Engineers, Civil Engineers, Mechanical Engineers, Electrical Engineers, Surveyors, Industrial Experts, IT and Automation Specialists, Safety and FSE Specialists, BIM Specialists, Technicians with expertise in acoustics, Supply and Shipping Management Specialists and Project Management.

Services

- Architectural and structural design
- Mechanical engineering
- Electrical and special systems engineering
- Construction supervision
- Safety and fire safety engineering
- IT and automation
- Environment and energy aspects
- Project and construction management
- Turnkey projects
- Specialist consultancies

Area of expertise

HEALTHCARE AND RESEARCH
Hospital complexes, diagnostics and operating departments, analysis laboratories, clean rooms and outpatient clinics

INDUSTRIAL
Production facilities, industrial processes

COMMERCIAL AND EXECUTIVE
High rise buildings, offices, convention and shopping centers, showrooms

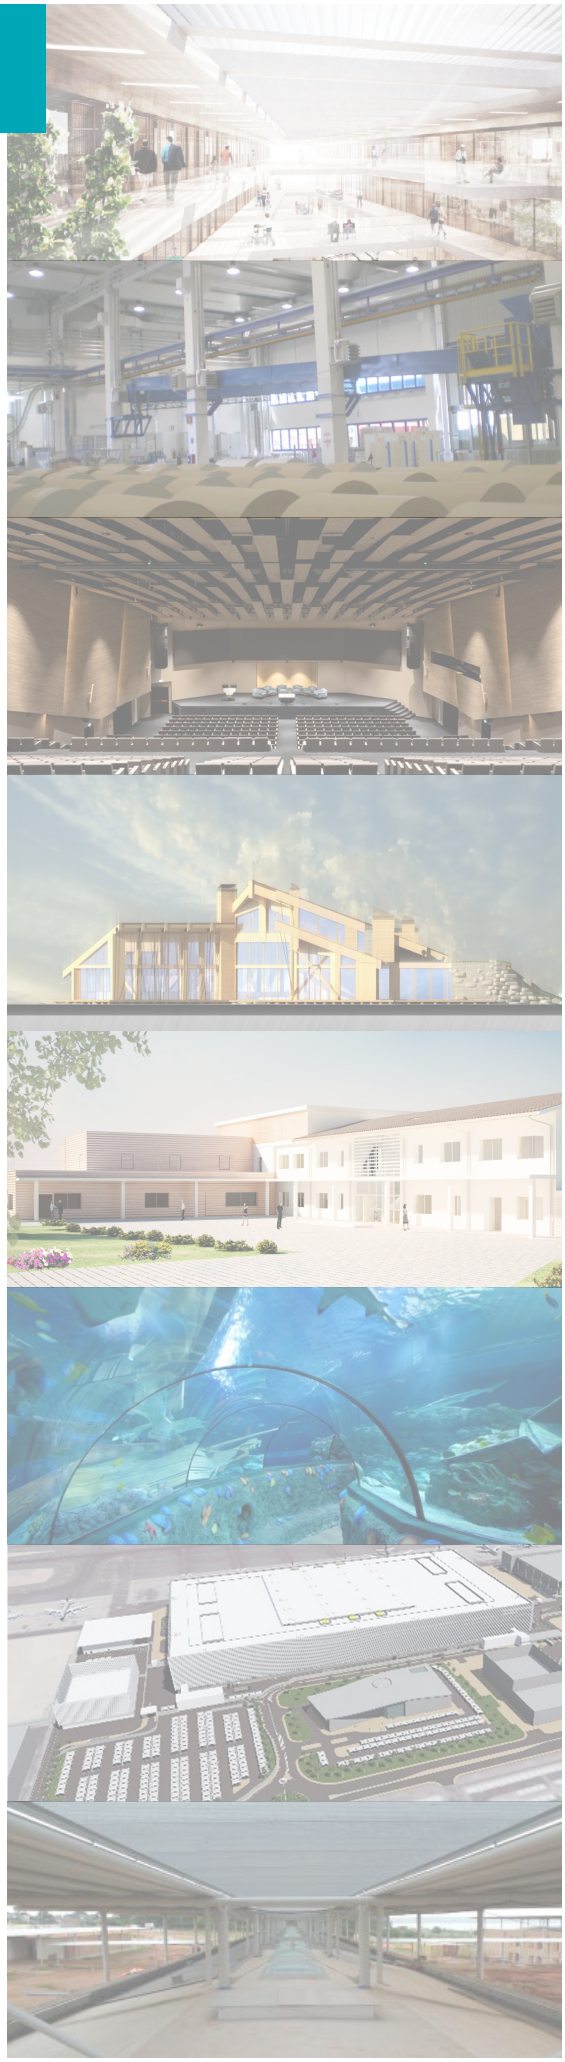

RESIDENTIAL AND TOURISM
Residential and luxury buildings, hotels, tourist facilities, refurbishment of historic buildings

EDUCATIONAL
Public cultural buildings, school and university buildings

LEISURE
Cinemas, theme parks, sports centers and museums

AIRPORT FACILITIES
Maintenance hangars and ground services

ENERGY
Energy efficiency and sustainability studies, use of renewable energy sources, upgrading, certification and energy diagnosis of buildings, research and innovation

Policy

PRISMA ENGINEERING SRL is committed to constantly pursue and spread the objectives of continuous improvement in the fields of Quality, Environment, Occupational Health and Safety, as an integral part of its business and as a strategic commitment related to the more general purposes of the Company, always considering internal and external factors, stakeholders, risks and opportunities.

PRISMA ENGINEERING SRL has always been committed to the pursuit of business goals, founding itself on full awareness of the centrality of the human factor, in every activity of its organization.

Management is committed to:

1. Strictly comply with the legislation applicable to the products/services provided, as well as the requirements that the company has voluntarily signed up to.

2. Constantly promote actions and activities, in order to bring continuous improvement, with regard to environmental quality and occupational health and safety aspects.

3. Ensure safe and healthy working conditions that enable the prevention of occupational injuries and illnesses.

4. Ensure, with consistent proactivity over time, the prevention of pollution and environmental impact deriving from company processes and products, considering where possible a life-cycle perspective.

5. Eliminate sources of danger and reduce occupational health and safety risks, in line with the ever evolving technical and economic possibilities.

6. Maintain conditions that allow systematic consultation and, where applicable, participation, of workers and outsourcers in improving the performance of the organization and its integrated management system.

7. Ensure that all workers share and are aware of the Company's goals and the responsibilities that each of them has in ensuring their achievement.

8. Promote staff motivation at all levels through means of regular meetings describing the company's strategy and the goals achieved.

9. Monitor planned improvement goals, evaluate the effectiveness of actions taken, assess any deviations, and take timely corrective actions to reduce potential risks to the organization

10. Ensure excellence level of the product, the work and the service provided to customer, ensuring technological innovation with an eye always on customer needs and satisfaction, with periodic assessments in order to monitor and implement any actions necessary for improvement.

11. To achieve ever-increasing competitiveness in order to gain significant market share through improved efficiency and internal cost control.

Certifications

In always wanting to improve, we have achieved the following certifications: ISO 9001 (since July 2001), subsequently updated to ISO 9001:2008 and **ISO 9001:2015**; **ISO 14001:2015** in 2018; **ISO 45001:2018** in 2020. Prisma Engineering also achieved **UNI/PdR 125:2022** certification for gender equality in 2024 and the **ISO 13485:2016** for design of medical gas distribution systems (MGDS) in 2026.

Borgo L'Amorosa resort restoration plan

Client: TITUS DEVELOPMENT srl
Location: Sinalunga (SI), Italy
Period: 2024 – ongoing
Activities: Preliminary, final, and executive design of facilities. Acoustic report and design.

Venice Arsenal - Giardino delle Vergini - Restoration of buildings for public services - Restoration of the Porta Nuova guard tower and 20th-century buildings

Client: Fondazione La Biennale di Venezia
Location: Venezia, Italy
Period: 2024 – ongoing
Activities: Technical and economic feasibility study and final design, executive design. Operational management

Construction of "Vetroteca," an event venue serving "Borgo Egnazia" in Savelletri (BR)

Client: EGNATHIA INIZIATIVE TURISTICHE - E.I.T. S.P.A.
Location: Savelletri (BR), Italy
Period: 2024
Activities: Executive design and construction supervision of air conditioning system

Restoration and historical preservation of the former hydraulic workshop to create a cultural center in the historic park of Villa Pisani

Client: Comune di Strà
Location: Stra (VE), Italy
Period: 2023 Design, 2024 - 2026 WS
Activities: Final design, executive design, safety coordination during the design and execution phases, construction supervision, Acoustic report

Construction of a new hospitality area as an extension of building B2 at the Monza National Autodrome

Client: STUDIO ARCH. VITTORIO LONGHEU for ACI – Automobile Club d'Italia
Location: Monza, Italy
Period: 2023 - 2024
Activities: Technical and economic feasibility study. Design of mechanical and electrical systems, acoustics, and fire prevention

Renovation, redevelopment, and upgrading of the plant networks of the Roman Baths located in the municipality of Monfalcone

Client: Comune di Monfalcone
Location: Monfalcone (GO), Italy
Period: 2023 - 2024
Activities: Executive design, DL and operational management of civil and plant engineering works

Renovation of facilities at Il Picciolo Etna Golf Resort & Spa

Client: ARNAS Garibaldi di Catania
Location: Castiglione di Sicilia (CT), Italy
Period: 2022 – in corso
Activities: Executive design

Energy redevelopment and plant adaptation of the Hotel Plaza in Mestre

Client: Hotel Plaza SpA
Location: Mestre (VE), Italy
Period: 2022 - 2023
Activities: Technical and economic feasibility study for plant adaptation to the new hotel layout

Two 14-story towers for student accommodation and commercial/executive offices for the new “Camplus” of the University of Pescara

Client: Porta Nuova Investimenti srl
Location: Pescara, Italy
Period: 2022 - ongoing
Activities: Final and executive design of mechanical and electrical systems, Works management of systems

Restoration work to improve safety and energy efficiency on the first floor of the central building of the former Romanin-Jacur spinning mill for a multipurpose hall

Client: Comune di Salzano
Location: Venezia, Italy
Period: 2020 – ongoing
Activities: Final and executive design of mechanical and electrical systems, Safety coordination, Works management and Fire safety SCIA

Giorgio Franchetti Gallery at Ca’ d’Oro in Venice – plant and regulatory compliance

Client: Ministero per i Beni e le Attività Culturali - Polo Museale del Veneto
Location: Venezia, Italy
Period: 2020 – ongoing
Activities: Preliminary and executive design of electrical, special, and fire prevention systems. Works management

“Ex Colonia Turati” Chioggia (VE) – Building renovation with extension for the construction of a new nursing home

Client: Altinia S.r.l.
Location: Chioggia (VE), Italy
Period: 2020
Activities: Technical and economic feasibility study

Renovation of the building in Piazza Giovanni XXIII used as the municipal archive of Naples

Client: Comune di Napoli
Location: Napoli, Italy
Period: 2018 – ongoing
Activities: Final and executive design, safety coordination during the design phase, operational management

New student residence for the San Giobbe University Campus – Venice. Phase C – 2nd Section – Former Oscar Shipyard Area

Client: Università Ca' Foscari Venezia
Location: Venezia, Italy
Period: 2017 – 2022
Activities: Works Management and Safety Coordination during the Execution Phase

Project for the renovation and extension of the CSA Bon Bozzolla Institute in Farra di Soligo

Client: I.P.A.B. Istituto Bon Bozzolla
Location: Farra di Soligo (TV), Italy
Period: 2016
Activities: Final architectural, structural, electrical, and mechanical design, Fire safety design and Safety coordination during design phase

New Congress Center in the Padua Exhibition Center area

Client: ATI Intercantieri Vittadello S.p.A.
Location: Padova, Italy
Period: 2015 – 2016, 2020
Activities: Final and executive design. BIM rendering of the as-built, Operational Management

Regulatory compliance upgrade of electrical systems at the Villa dei Leoni Theater, Mira

Client: Comune di Mira
Location: Mira (VE), Italy
Period: 2013 – 2014
Activities: Executive design of electrical systems and construction supervision

Functional adaptation with the creation of student accommodation in building "C," known as the parallelepiped, in the Santa Marta complex in Dorsoduro, Venice

Client: Università di Venezia Ca' Foscari
Location: Venezia, Italy
Period: 2014
Activities: Coordination and drafting of calculations

Design of installations for scenographic displays, including Tree of Life, Wall of Memory, Domesticated Animals, and Waste inside Pavilion Zero, EXPO Milano 2015

Client: Milan Ingegneria
Location: Milano, Italy
Period: 2014
Activities: Installation design

Renovation for residential use of a building located at Via P. Buzzaccarini 8 - Padua

Client: Marcato Mattia e Marcato Ulisse
Location: Padova, Italy
Period: 2014
Activities: Design of civil works, mechanical and electrical systems. Construction management and site accounting

Design of systems for private residence in Via Rolando da Piazzola - Padua

Client: Pandolfo Gianfranco
Location: Padova, Italy
Period: 2013 - 2016
Activities: Executive design of mechanical and electrical systems

Gallerie dell'Accademia – Complesso della Carità, Venice: Restoration, functional adaptation, and refurbishment of the museum complex, 1st and 2nd floors

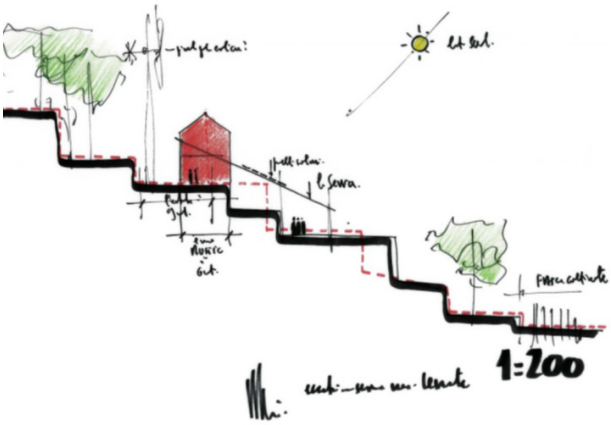

Client: Ministero per i Beni e le Attività Culturali
Location: Venezia, Italy
Period: 2013
Activities: Final design and improvement proposals during the tender phase

Pavilion Zero and Expo Center - Expo Milano 2015

Client: Milan Ingegneria Srl
Location: Milano, Italy
Period: 2013
Activity: Preliminary design of systems

Levante Project – new residential units in Punta Nave, Genoa

Client: Milan Ingegneria
Location: Genova, Italy
Period: 2012
Activities: Design of electrical and mechanical systems, energy calculations

Feasibility study for a new facility for the Adria Senior Citizens' Service Center

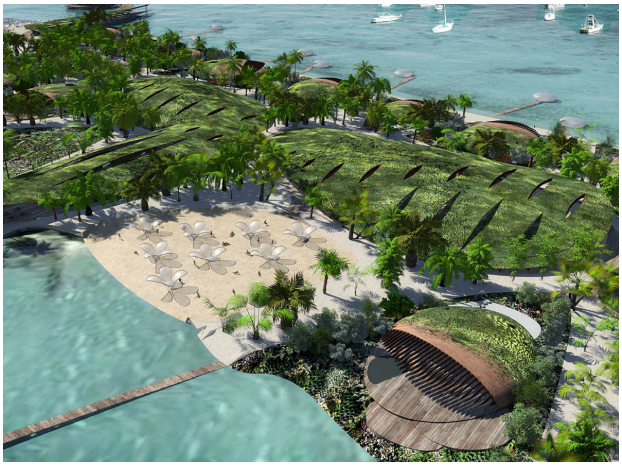

Client: CSA Adria
Location: Adria (RO), Italy
Period: 2012
Activities: Preparation of feasibility study

Renovation and expansion of the Fondazione Prada complex located in Largo Isarco, Milan. The complex includes a cinema/theater and exhibition spaces

Client: Favero & Milan Ingegneria
Location: Milano, Italy
Period: 2012
Activities: Executive design of electrical, special, and mechanical systems.

New "de luxe holiday resort" on Vodamulla Island in the Maldives. The world's first eco-friendly 5-star superior hotel with 35 luxury rooms, fitness center, sauna, swimming pools, restaurants, library, and beach club with bar

Client: Morena Architects
Location: Vodamulla, Maldives
Period: 2011 - 2012
Activities: Final design of electrical and mechanical systems

Design of garage and parking lot in Mantua

Client: Arch. Longheu
Location: Mantova, Italy
Period: 2011
Activities: Final design

Renovation of the Crociferi Convent, formerly Caserma Manin, to create university residences and social housing for the IUAV University Foundation in Venice

Client: Crociferi S.c.a.r.l.
Location: Venezia, Italy
Period: 2010 – 2017
Activities: Executive design of systems, fire prevention design, coordination. Assistance to the Construction Supervisor

Project for a luxury spa in Moscow

Client: Endeco Spa
Location: Naro-Fominsk, Mosca, Russia
Period: 2009
Activities: Final design

Zoncolan tourist complex, consisting of 3 hotels and 31 chalets, a small shopping center, and a wellness and fitness center

Client: Cima Zoncolan Hotel & Resort
Location: Sutrio (UD), Italy
Period: 2008 - 2011
Activities: Final design, executive design of electrical, plumbing, and mechanical systems, fire prevention design

Renovation and regulatory compliance upgrade of the technology platform at the Anna Moretti Bonora Senior Citizens' Service Center - Camposampiero (PD)

Client: CSA Bonora
Location: Camposampiero (PD), Italy
Period: 2008
Activities: Preliminary, final, and executive design of civil works, electrical and mechanical systems. Fire prevention project. Works management, accounting, safety coordination during the design and execution phases, testing

New medical gas plant serving the "Anna Moretti Bonora" Senior Citizens' Service Center – Camposampiero (PD)

Client: CSA Bonora
Location: Camposampiero (PD), Italy
Period: 2008
Attività: Preliminary, final, and executive design of civil works, electrical and mechanical systems. Fire prevention project. Works management, accounting, safety coordination during the design and execution phases

Conservative restoration and renovation of the historic Villa Mattiazzo, built in the second half of the 19th century, featuring executive and reception offices in the villa and a Cultural Center with exhibition halls and small conference rooms in the adjacent barn

Client: Banca di Credito Cooperativo Alta Padovana
Location: Campodarsego (PD), Italy
Period: 2008
Activities: Executive Design
