PRISMA ENGINEERING

Civil and industrial engineering and design company

Company Profile

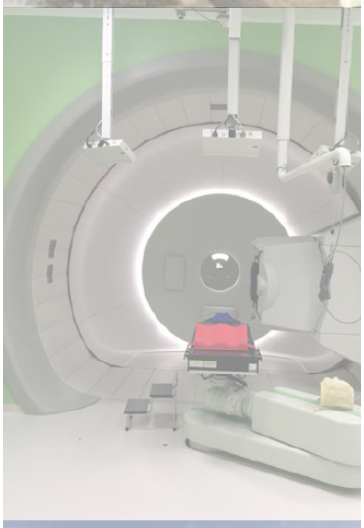

PRISMA ENGINEERING s.r.l. is an engineering company which for forty years has been engaged in design and construction management of major facilities in Italy and abroad. We operate in the fields of congress and executive facilities, hospitality, health and hospital facilities, research laboratories, clean rooms and nuclear facilities. The design is multidisciplinary, involves Civil and MEP Engineering and applies the most recent technological systems. We also carry out ambitious projects in the energy related fields, in collaboration with relevant players of the market. Experience, Innovation and Sustainability always guaranteed.
Human capital is the value on which our corporate culture is based. People, with their diversity, continue to bring development and knowledge. We have a dynamic, vibrant, multidisciplinary team to whom we offer professional growth and specific training. We look at commitment and work performance but also at well-being of the team, dialoguing in order to live well at work as welll

One partner, an established multidisciplinary experience

One of our main strengths is a **multidisciplinary team** which enables the company to offer a complete service and project control. The Team is made up of Architects, Landscape Architects, Structural Engineers, Civil Engineers, Mechanical Engineers, Electrical Engineers, Surveyors, Industrial Experts, IT and Automation Specialists, Safety and FSE Specialists, BIM Specialists, Technicians with expertise in acoustics, Supply and Shipping Management Specialists, and Project Management.

Services

- Architectural and structural design
- Mechanical engineering
- Electrical and special systems engineering
- Construction supervision
- Safety and fire safety engineering
- IT and automation
- Environment and energy aspects
- Project and construction management
- Turnkey projects
- Specialist consultancies

Area of expertise

HEALTHCARE AND RESEARCH
Hospital complexes, diagnostics and operating departments, analysis laboratories, clean rooms and outpatient clinics

INDUSTRIAL
Production facilities, industrial processes

COMMERCIAL AND EXECUTIVE
High rise buildings, offices, convention and shopping centers, showrooms

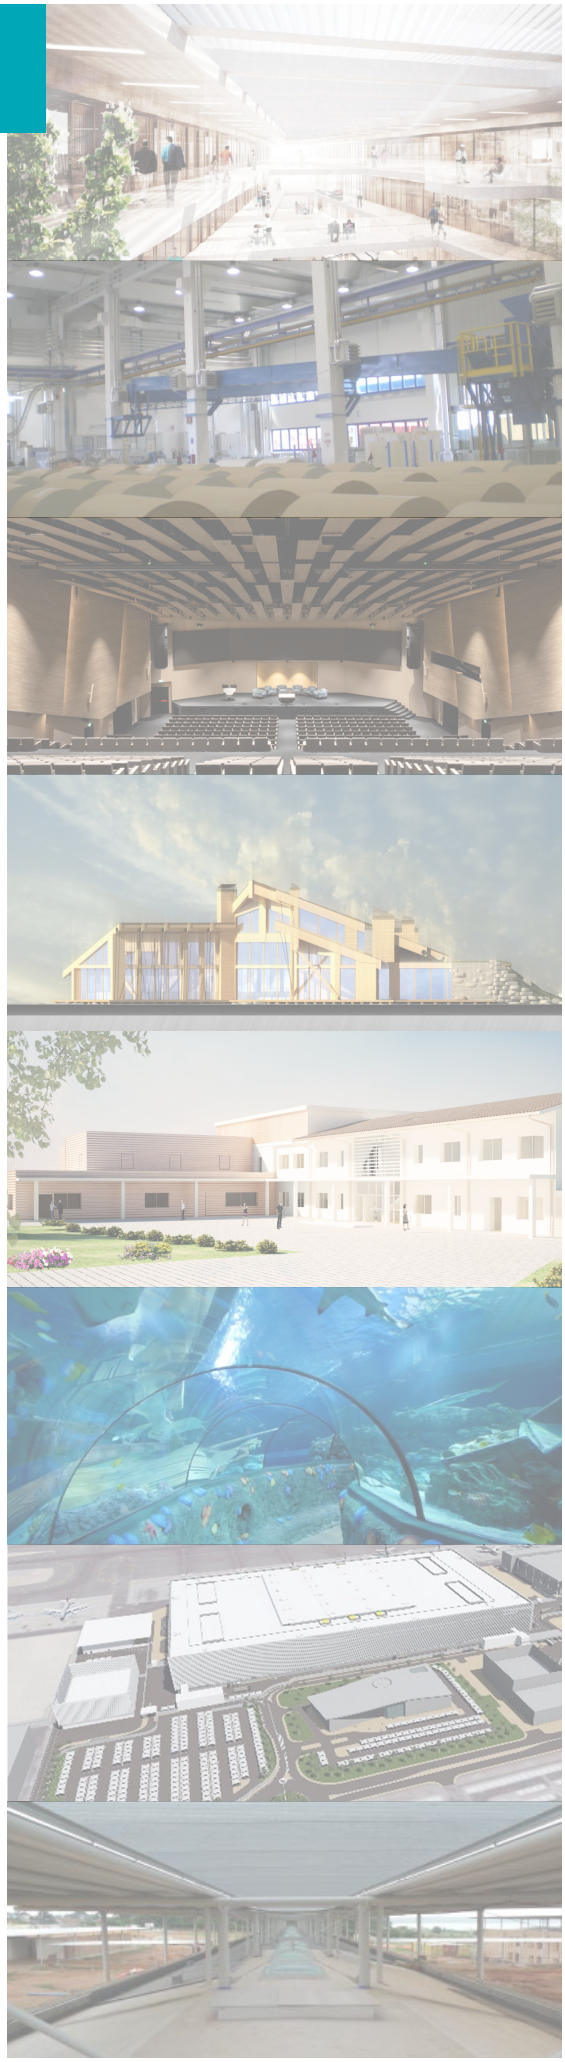

RESIDENTIAL AND TOURISM
Residential and luxury buildings, hotels, tourist facilities, refurbishment of historic buildings

EDUCATIONAL
Public cultural buildings, school and university buildings

LEISURE
Cinemas, theme parks, sports centers and museums

AIRPORT FACILITIES
Maintenance hangars and ground services

ENERGY
Energy efficiency and sustainability studies, use of renewable energy sources, upgrading, certification and energy diagnosis of buildings, research and innovation

Policy

PRISMA ENGINEERING SRL is committed to constantly pursue and spread the objectives of continuous improvement in the fields of Quality, Environment, Occupational Health and Safety, as an integral part of its business and as a strategic commitment related to the more general purposes of the Company, always considering internal and external factors, stakeholders, risks and opportunities.

PRISMA ENGINEERING SRL has always been committed to the pursuit of business goals, founding itself on full awareness of the centrality of the human factor, in every activity of its organization

Management is committed to:

1. Strictly comply with the legislation applicable to the products/services provided, as well as the requirements that the company has voluntarily signed up to.

2. Constantly promote actions and activities, in order to bring continuous improvement, with regard to environmental quality and occupational health and safety aspects.

3. Ensure safe and healthy working conditions that enable the prevention of occupational injuries and illnesses.

4. Ensure, with consistent proactivity over time, the prevention of pollution and environmental impact deriving from company processes and products, considering where possible a life-cycle perspective.

5. Eliminate sources of danger and reduce occupational health and safety risks, in line with the ever evolving technical and economic possibilities.

6. Maintain conditions that allow systematic consultation and, where applicable, participation, of workers and outsourcers in improving the performance of the organization and its integrated management system

7. Ensure that all workers share and are aware of the Company's goals and the responsibilities that each of them has in ensuring their achievement.

8. Promote staff motivation at all levels through means of regular meetings describing the company's strategy and the goals achieved.

9. Monitor planned improvement goals, evaluate the effectiveness of actions taken, assess any deviations, and take timely corrective actions to reduce potential risks to the organization

10. Ensure excellence level of the product, the work and the service provided to customer, ensuring technological innovation with an eye always on customer needs and satisfaction, with periodic assessments in order to monitor and implement any actions necessary for improvement.

11. To achieve ever-increasing competitiveness in order to gain significant market share through improved efficiency and internal cost control.

Certifications

In always wanting to improve, we have achieved the following certifications: ISO 9001 (since July 2001), subsequently updated to ISO 9001:2008 and **ISO 9001:2015**; **ISO 14001:2015** in 2018; **ISO 45001:2018** in 2020. Prisma Engineering also achieved **UNI/PdR 125:2022** certification for gender equality in 2024 and the **ISO 13485:2016** for design of medical gas distribution systems (MGDS) in 2026.

Venice Arsenal - Giardino delle Vergini - Restoration of buildings for public services - Restoration of the Porta Nuova guard tower and 20th-century buildings

Client: Fondazione La Biennale di Venezia
Location: Venezia, Italy
Period: 2024 – ongoing
Activities: Technical and economic feasibility study and final design, executive design. Operational management

New Science and Technology Center for Sant'Anna School of Advanced Studies in Pisa

Client: Scuola Universitaria Superiore Sant'Anna di Pisa
Location: San Giuliano Terme, Pisa, Italy
Period: 2023 – 2025
Activities: Technical and economic feasibility study, Final and detailed design of systems; fire prevention

Restoration and historical preservation of the former hydraulic workshop to create a cultural center in the historic park of Villa Pisani

Client: Comune di Strà
Location: Stra (VE), Italy
Period: 2023 Design, 2024 - 2026 WS
Activities: Final design, executive design, safety coordination during the design and execution phases, construction supervision, Acoustic report

Construction of a new hospitality area as an extension of building B2 at the Monza National Autodrome

Client: STUDIO ARCH. VITTORIO LONGHEU for ACI – Automobile Club d'Italia
Location: Monza, Italy
Period: 2023 - 2024
Activities: Technical and economic feasibility study. Design of mechanical and electrical systems, acoustics, and fire prevention

Renovation, redevelopment, and upgrading of the plant networks of the Roman Baths located in the municipality of Monfalcone

Client: Comune di Monfalcone
Location: Monfalcone (GO), Italy
Period: 2023 - 2024
Activities: Executive design, Works supervision and operational management of civil and plant engineering works

Fire Safety Upgrades at Palazzo Borghi, Home of the Ferrara State Archives

Client: Ministero della Cultura – Segretariato Regionale del Ministero per i Beni e le Attività Culturali per l'Emilia Romagna
Location: Ferrara, Italy
Period: 2022 - ongoing
Activities: Technical and Economic Feasibility Study, Executive Design, Safety Coordination during the Design phase

Two 14-story towers for student accommodation and commercial/executive offices for the new “Camplus” of the University of Pescara

Client: Porta Nuova Investimenti srl
Location: Pescara, Italy
Period: 2022 - ongoing
Activities: Final and executive design of mechanical and electrical systems, Works management of systems

New corporate headquarters to serve as a testing laboratory and office space for Veritas SpA - Mestre (VE)

Client: VERITAS SPA
Location: Mestre (VE), Italy
Period: 2022 - 2023
Activities: Construction supervision

Construction of a New ETRA Laboratory - Camposampiero (PD)

Client: ETRA Spa
Location: Camposampiero (PD), Italy
Period: 2021 - 2024
Activities: Final and executive design of civil and structural works, mechanical and electrical systems; Safety coordination during the design phase

New production facility and offices for M.ON.DE. S.r.l., part of the LVMH Group, for the production of metal components using MIM technology

Client: M.ON.DE. S.r.l.
Location: Villaverla (VI), Italy
Periodo: 2021 – 2022
Attività: Preliminary, final and executive design of civil engineering works, mechanical and electrical systems

Completion and activation of GMP laboratories for the establishment of the Diabetes Cell Therapy Center at Building C – Pietro d'Abano Biomedical Campus (Via Orus, PD)

Client: Azienda Ospedaliera di Padova
Location: Padova, Italy
Period: 2021 – 2023
Activities: Executive design of civil works, electrical and mechanical systems, Works Supervision and Safety Coordination during Design and Execution phases

Restoration work to improve safety and energy efficiency on the first floor of the central building of the former Romanin-Jacur spinning mill for a multipurpose hall

Client: Comune di Salzano
Location: Venezia, Italy
Period: 2020 – ongoing
Activities: Final and executive design of mechanical and electrical systems, Safety coordination, Works management and Fire safety SCIA

Giorgio Franchetti Gallery at Ca' d'Oro in Venice – plant and regulatory compliance

Client: Ministero per i Beni e le Attività Culturali - Polo Museale del Veneto
Location: Venezia, Italy
Period: 2020 – ongoing
Activities: Preliminary and executive design of electrical, special, and fire prevention systems. Works management

Building renovation and seismic compliance of several buildings to be used as office space and new Depuracque laboratories

Client: Depuracque Servizi S.r.l.
Location: Salzano (VE), Italy
Period: 2020 – 2023
Activities: Construction permit. Preliminary and final design of civil and structural works, mechanical and electrical systems, and fire protection systems. Safety coordination during the design phase. Fire protection SCIA. Construction supervision

Feasibility Study for the concession of the integrated management and maintenance service for the heating and electrical systems of the City of Florence, including the supply of thermal and electrical energy, as well as work to bring the systems into compliance with regulations and to improve their energy and operational efficiency. Total: 200 buildings

Client: Engie Servizi S.p.A.
Location: Firenze, Italy
Period: 2020
Activities: Surveys, Energy assessment and Planning of Energy Efficiency Measures

Renovation of the building in Piazza Giovanni XXIII used as the municipal archive of Naples

Client: Comune di Napoli
Location: Napoli, Italy
Period: 2018 – ongoing
Activities: Final and executive design, safety coordination during the design phase, operational management

Reorganization, Renovation, and Enhancement of the Museum of Civilization in Rome

Client: MUCIV
Location: Roma, Italy
Period: 2018 - 2021
Activities: Final and executive design

Design of a new corporate headquarters to serve as a testing laboratory and office space for Veritas SpA - Mestre (VE)

Client: VERITAS SPA
Location: Mestre (VE), Italy
Period: 2018 – 2020
Activities: Final and executive design, safety coordination during the design phase, and assistance to the construction supervisor for mechanical and electrical systems.

New industrial facility with a prototype workshop for eyewear production, a quality control lab, and offices, totaling 850 m²

Client: Manufacture des Accessoires Louis Vuitton srl
Location: Fiesso d'Artico (VE), Italy
Period: 2018 - 2019
Activities: Executive design, construction and construction supervision

New student residence for the San Giobbe University Campus – Venice. Phase C – 2nd Section – Former Oscar Shipyard Area

Client: Università Ca' Foscari Venezia
Location: Venezia, Italy
Period: 2017 – 2022
Activities: Works Management and Safety Coordination during the Execution Phase

Provincia di Padova

Energy Efficiency Retrofit and Public Lighting System Management Services in the Municipalities of the Province of Padua

Client: SINERGIE S.p.A.
Location: Padova, Italy
Period: 2017
Activities: Survey Data and Tender Documentation

3L less energy less cost less impact

Energy retrofit and management of public buildings owned by 19 municipalities in the Province of Padua as part of the 3L Project – Phase 2

Client: SINERGIE S.p.A.
Location: Padova, Italy
Period: 2017
Activities: Surveys, final designs for the proposed energy efficiency improvements

Renovation and Expansion of the Veterinary Medicine Educational Complex – Agripolis Campus

Client: Università degli Studi di Padova
Location: Legnaro (PD), Italy
Period: (2009), 2016, 2016 – 2018 Design, 2020 – 2022 Works supervision
Activities: (Preliminary design) Final and executive design, safety coordination during the design and construction phases, construction supervision

Energy Retrofit and Management of Public Buildings Owned by the Province of Padua

Client: Asia Progetti S.r.l.
Location: Padova, Italy
Period: 2016
Activities: Survey Data and Tender Documentation

Provincia di Padova

Conditioning system retrofit for an office building and design of systems serving the heat exchanger test tunnel

Client: DBM SPA
Location: Varallo Pombia (VA), Italy
Period: 2015 – 2018
Activities: Executive design

Renovation and energy efficiency improvements at the Telecom Italia S.p.A. headquarters at Via Oriolo Romano 257, Rome, with installation of Air conditioning system

Client: Zeta Service srl
Location: Roma, Italy
Period: 2015 – 2016
Activities: Preliminary, final and executive design.

Exceptional maintenance for interior work, including the renovation of technical systems and a modification of the interior layout at the headquarters of “La Provincia Pavese”

Client: Finegil Editoriale S.p.A. – Div. Mantova
Location: Pavia, Italy
Period: 2015 - 2016
Activities: Executive design of mechanical systems

New Congress Center in the Padua Exhibition Center area

Client: ATI Intercantieri Vittadello S.p.A.
Location: Padova, Italy
Period: 2015 – 2016, 2020
Activities: Final and executive design. BIM rendering of the as-built, Operational Management

Environmental renovation of the CED area, lower floors, and parking garages, including the heating, electrical, and fire protection systems of the entire INAIL building complex, located at Via Santuario Regina degli Apostoli 33, Rome

Client: Intercantieri Vittadello Spa
Location: Roma, Italy
Period: 2014 – 2017
Activities: Executive design

Renovation of the Fondaco dei Tedeschi, Venetian palace built in 1228 overlooking the Grand Canal, next to Rialto Bridge. The plan to convert the building into a commercial space was designed by Dutch architect Rem Koolhaas

Client: FONDACO S.c.a.r.l.
Location: Venice, Italy
Period: 2014
Activities: Exeutive design of systems

New Provincial Government Building on Via S. Agostino – L'Aquila

Client: Kostruttiva
Location: L'Aquila, Italy
Period: 2013 – 2016, 2016 - 2025
Activities: Seismic analysis; final and executive design of civil and structural works, mechanical, electrical, and special systems; fire prevention; Safety Coordination during the design phase

Regulatory compliance upgrade of electrical systems at the Villa dei Leoni Theater, Mira

Client: Comune di Mira
Location: Mira (VE), Italy
Period: 2013 – 2014
Activities: Executive design of electrical systems and construction supervision

New headquarters of the Motor Vehicle Department serving the Province of Pordenone, Pordenone Interport

Client: Grimel Srl
Location: Pordenone, Italy
Period: 2013 - 2014
Activities: Executive design

Gallerie dell'Accademia – Complesso della Carità, Venice: Restoration, functional adaptation, and refurbishment of the museum complex, 1st and 2nd floors

Client: Ministero per i Beni e le Attività Culturali
Location: Venezia, Italy
Period: 2013
Activities: Final design and improvement proposals during the tender phase

Office building for the expansion of the research area at the CNR, Corso Stati Uniti, Padua

Client: CNR di Padova
Location: Padova, Italy
Period: 2013
Activities: Preliminary design

Pavilion Zero and Expo Center - Expo Milano 2015

Client: Milan Ingegneria Srl
Location: Milano, Italy
Period: 2013
Activity: Preliminary design of systems

Renovation and expansion of the Fondazione Prada complex located in Largo Isarco, Milan. The complex includes a cinema/theater and exhibition spaces

Client: Favero & Milan Ingegneria
Location: Milano, Italy
Period: 2012
Activities: Executive design of electrical, special, and mechanical systems.

Neutral Beam Test Facility for the RFX Consortium at the CNR in Padua

Client: RFX Consortium
Location: Padova, Italy
Period: 2012
Activities: Assistance to the mechanical and electical Works Supervisor

Detailed design and construction of the new “Area Mezzalira” University Campus in Vicenza

Client: Guerrato Impianti S.p.A.
Location: Mezzalira (VI), Italy
Period: 2012
Activities: Executive design of civil works, mechanical and electrical systems, fire prevention

Restoration and conservative renovation of the ground floors, mezzanine, facades, and rooftop terraces, as well as the upgrading of the building’s technical systems at the INAIL building located at Via IV Novembre 144, Rome

Client: Intercantieri Vittadello S.p.A.
Location: Roma, Italy
Period: 2011 – 2014
Activities: Executive design of mechanical and electrical systems

Renovation of the Crociferi Convent, formerly Caserma Manin, to create university residences and social housing for the IUAV University Foundation in Venice

Client: Crociferi S.c.a.r.l.
Location: Venezia, Italy
Period: 2010 – 2017
Activities: Executive design of systems, fire prevention design, coordination. Assistance to the Construction Supervisor

Restoration and Expansion of the Padua Botanical Garden with a New Visitor Center

Client: Università degli Studi di Padova – Orto Botanico di Padova
Location: Padova, Italy
Period: 2009 – 2012
Activities: Systems design variation

New headquarters of Banca Intesa San Paolo in Turin, designed by architect Renzo Piano

Client: Torre S.c.a.r.l.
Location: Torino, Italy
Period: 2009
Activities: Specialized and operational consulting for the design, supervision, and review of construction plan

Systems design for the New Carabinieri station in Este

Client: A.T.E.R. di Padova
Location: Este (PD), Italy
Period: 2009
Activities: Design

Agripolis Multifunctional Complex – School of Agriculture and Veterinary Medicine – Expansion of the Complex and Renovation of the Teaching Building's Systems

Client: Università degli Studi di Padova
Location: Legnaro (PD), Italia
Period: 2009
Activities: Systems expansion and renovation

Regulatory Compliance for the Noventa Vicentina Sports Arena

Client: Provincia di Vicenza
Location: Noventa Vicentina (VI), Italy
Period: 2009
Activities: Final and executive design of civil works and systems. Fire prevention. Construction supervision and safety coordination during the design and construction phases

Conservative restoration and renovation of the historic Villa Mattiazzo, built in the second half of the 19th century, featuring executive and reception offices in the villa and a Cultural Center with exhibition halls and small conference rooms in the adjacent barn

Client: Banca di Credito Cooperativo Alta Padovana
Location: Campodarsego (PD), Italy
Period: 2008
Activities: Executive Design

Design of systems for the Sea Life Centre aquarium in Gardaland - Verona

Client: Merlin Entertainments Group
Location: Castelnuovo del Garda (VR), Italy
Period: 2007
Activities: Executive design

Technical Testing of the New University Complex with Conference Hall in Mezzalira

Client: Provincia di Vicenza
Location: Mezzalira (VI), Italia
Period: 2007
Activities: Technical, Administrative, and Static Testing

Renovation of Villa Maran and adjoining buildings to create an administrative facility for the Alta Padovana Health Unit

Client: ULSS N.15 Alta Padovana
Location: Camposampiero (PD), Italy
Period: 2007
Activities: Executive design

Underground parking and storage facility; construction of the production building and offices Lottizzazione Serenissima – Phase 1

Client: Studio Ing. Zanetti
Location: Peschiera del Garda (VR), Italy
Period: 2007
Activities: Design

Conducting the DALT test and final report on Building 10 and renovation of the gym in Building 112 at Caserma Ederle

Client: Andriolo Srl
Location: Vicenza, Italy
Period: 2007
Activities: Conducting the DALT test and final report

Fire safety upgrades at Columbus Thermal Pool

Client: Columbus Thermal Pool
Location: Abano Terme (PD), Italy
Period: 2007
Activities: Fire safety upgrades

Regulatory compliance for the Barchessa Theater at Villa dei Leoni

Client: Comune di Mira
Location: Mira (VE), Italy
Period: 2004
Activities: Regulatory compliance

Fire Risk Assessment and Compliance with Fire Prevention Regulations at the A.R.P.A.V. Headquarters in Padua.

Client: A.R.P.A.V. of Padua
Location: Padova, Italy
Period: 2004
Activities: Design

Installation of the air conditioning system at the Arcetri Observatory, National Institute of Astrophysics

Client: Alca Technology srl
Location: Arcetri (FI), Italy
Period: 2003
Activities: Air conditioning system installation

Design of the New Technology Hub – BIC Center at the site located at Via Zeni 8, Rovereto

Client: RWA Architetti
Location: Rovereto (TN), Italy
Period: 2002
Activities: Design

Renovation of Villa Contarini dei Leoni, to create the new municipal headquarters, including a multipurpose conference room

Client: Schiesari Studio
Location: Mira (VE), Italy
Period: 2001
Activities: Systems design

Renovation and functional restoration of the office spaces in the barchessa at Villa Furlan in Bosco di Rubano

Client: Ing. G. B. Furlan, Net Engineering
Location: Bosco di Rubano (PD), Italy
Period: 2000
Activities: Renovation and functional restoration of the office spaces

Stabilimento produttivo e palazzina uffici per nuova sede Elvox di Campodarsego

Client: Elvox Costruzioni Elettroniche S.p.A
Location: Campodarsego (PD), Italy
Period: 1998 - 2005
Activities: Preliminary, final and executive design; works supervision; and safety coordination during the design and construction phases

Renovation of Building "G" with Laboratories, Animal Facility, and Offices at the "Fondazione Ricerca Biomedica Avanzata", Padova

Client: Università degli Studi di Padova – Azienda Ospedaliera di Padova
Location: Padova, Italy
