Laboratories and related work

Pharmaceutical and radiopharmaceutical facilities

Area for the preparation of radiopharmaceuticals according to safety and quality Regulations in Nuclear Medicine (NBP-MN) – Lower floor – Pav. 15

Purchaser: Azienda Ospedaliero-Universitaria Careggi
Location: Firenze (FI), Italy
Designer: Prisma Engineering Srl
Period: 2021 – design in progress
Activities: Executive design

New Nuclear Medicine department for the hospital P.O. Nuovo Ospedale Apuano (MS)

Purchaser: AZIENDA USL TOSCANA NORD OVEST
Location: Massa (MS), Italy
Designer: Prisma Engineering Srl
Period: 2020
Activities: Technical and economical feasibility Study.

New Radiotherapy ward for the “San Giacomo” Hospital in Castelfranco Veneto (TV)

Purchaser: Istituto Oncologico Veneto IRCCS
Location: Castelfranco Veneto (TV), Italy
Designer: Prisma Engineering Srl
Period: 2019 – 2020
Activities: Definitive design of civil, structural and architectural works, MEP.

Design and realization of a radiopharmaceutical laboratory for S. Cataldo Hospital within the CNR research centre– Pisa.

Purchaser: Fondazione Toscana G. Monasterio
Location: Pisa, Italy
Designer: Prisma Engineering Srl
Period: 2019 – realization in progress
Activities: Executive design of civil and structural work, MEP. Realization of work. Safety coordination during design phase.

Design and realization of Radiotherapy ward – Monselice Hospital (PD) with 5 bunkers for accelerators, tomotherapy and CAT

Purchaser: ULSS N.6 EUGANEA (ex ULSS N.17)

Location: Monselice (PD), Italy

Designer: Prisma Engineering Srl

Period: 2016 – 2018

Activities: Definitive and executive design of architectural and civil works, electrical and mechanical systems and equipment layout for bunkers.

Radiopharmaceutical preparation unit for cancer treatment within Piove di Sacco Hospital (PD)

Purchaser: ULSS N.16 PADOVA

Location: Piove di Sacco (PD), Italy

Designer: Prisma Engineering Srl

Period: 2015 – 2016

Activities: Executive design of architectural and civil works, structural, MEP, equipment layout, clean room and safety coordination during design phase. Supervision of building site and testing.

Design and realization of a radiopharmaceutical laboratory within San Bortolo Hospital - Vicenza

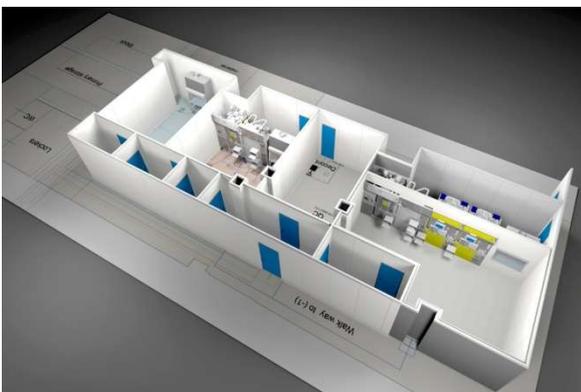

Purchaser: ULSS N.6 VICENZA

Location: Vicenza, Italy

Designer: Prisma Engineering Srl

Period: 2015 – 2017, realization in progress

Activities: Definitive and executive design of architectural and civil works, structural, electrical and mechanical systems. Realization in progress.

Design and realization of n. 4 GMP radiopharmaceutical laboratories for the “Universitair Ziekenhuis” - Brussels

Purchaser: UZ Brussel - University of Brussels

Location: Brussels, Belgium

Designer: Prisma Engineering Srl

Period: 2016 – in progress

Activities: Definitive and executive design of architectural, structural, MEP, Project Management.

Design of civil works and electrical and mechanical systems for extension of a pharmacy preparation laboratory within the “Farmacia Campedello” shop premises - Vicenza

Purchaser: Farmacia Campedello
Location: Vicenza, Italy
Designer: Prisma Engineering Srl
Period: 2015 – 2016
Activities: Definitive and executive design.

New pharmaceutical unit for the preparation of cancer medicine within Cancer Center Busonera Hospital - Padova

Purchaser: I.O.V. Istituto Oncologico Veneto di Padova
Location: Padova (PD), Italy
Designer: Prisma Engineering Srl
Period: 2010 - 2011
Activities: Architectural, civil works and MEP design, Project Management.

New cyclotron, radiopharmaceutical production unit and PET department within Tripoli Medical Center - Libya. Classification class B.

Purchaser: TMC on account of Al Usool Al Aqariya for General Contracting Co.
Location: Tripoli, Libya
Designer: Prisma Engineering Srl
Period: 2008 - 2009
Activities: Preliminary, definitive and executive design of architectural design, civil and structural work, MEP, medical equipment and Project Management, construction management

Design of new pharmaceutical unit for the preparation of cancer medicine within Veneto Oncology Institute (IOV) – Padova. ISO 7.

Purchaser: Gruppo SAE S.p.A per l’Azienda Ospedaliera di Padova
Location: Padova (PD), Italy
Designer: Prisma Engineering Srl
Period: 2007
Activities: Executive design of architectural and civil works, MEP.

Cyclotron for the production of isotopes for tomography with emission of positrons; Clean Room for radiopharmaceutical production facility (GMP) within S. Gerardo di Monza Hospital

Purchaser: Università degli Studi di Milano - Bicocca

Location: Monza (MB), Italy

Designer: Prisma Engineering Srl

Period: 2006 - 2007

Activities: Executive design of civil and structural works, electrical and mechanical systems, design of medical equipment

Design of electrical and mechanical systems for the construction of the so-called “New Building” within the premises of the pharmaceutical company Zambon Farmaceutica – via della Chimica 9, Vicenza

Purchaser: Zambon Farmaceutica S.p.A.

Location: Vicenza, Italy

Designer: Prisma Engineering Srl

Period: 2011 - 2014

Activities: Executive design of electrical and mechanical systems.

New laboratories within the pharmaceutical company Eurand S.p.A. – Trieste. Clean room ISO 5.

Purchaser: Eurand Spa

Location: Trieste (TS), Italy

Designer: Prisma Engineering Srl

Period: 2003

Activities: MEP design and Project Management

Clean Rooms

Clean room modifications for repositioning of cells

Purchaser: COMECER S.p.A.

Location: Casarano (LE), Italy

Designer: Prisma Engineering Srl

Period: 2020

Activities: Definitive and executive design of civil works and MEP. Project Management and safety coordination

Supply and assembly of prefabricated structures of the clean room type for the UCX labs of the SPES project - INFN, Laboratori Nazionali di Legnaro.

Purchaser: INFN – Laboratori Nazionali di Legnaro

Location: Legnaro (PD), Italy

Designer: Prisma Engineering Srl

Period: 2018 – in progress

Activities: Executive design of civil works, Project Management and accountancy

Design and realization of a Clean Room with warehouse for the assembly of composite glass plates

Purchaser: Viraver Technology Srl

Location: San Pietro Viminario (PD), Italy

Designer: Prisma Engineering Srl

Period: 2015 – 2016

Activities: Preliminary, definitive and executive design. Realization of works and Project Management.

Microfabrication laboratories. Extension work of the Clean Room of the eastern building, location Povo di Trento, classification class 10, within the foundation “Fondazione Bruno Kessler”. Class 10.

Purchaser: Fondazione Bruno Kessler

Location: Povo di Trento (TN), Italy

Designer: Prisma Engineering Srl

Period: 2008 - 2009

Activities: Preliminary and definitive design of civil works and electrical and mechanical systems, assistance to Project Management.

Clean Room for backing of telescope mirrors for the Arcetri Observatory. ISO 5.

Purchaser: Istituto Nazionale di Astrofisica, Osservatorio di Arcetri

Location: Arcetri (FI), Italy

Designer: Prisma Engineering Srl

Period: 2007

Activities: Design and Project Management.

Clean Rooms for the superconduction laboratories of the National Institute of Nuclear Physics – Legnaro (PD)

Purchaser: Istituto Nazionale di Fisica Nucleare

Location: Legnaro (PD), Italia

Designer: Prisma Engineering Srl

Period: 2001

Activities: clean rooms design

Research Facilities

**New company headquarters for Veritas to be used as Analysis Laboratory and Offices, Mestre (VE)
Technical Assistance during construction.**

Purchaser: VERITAS SPA
Location: Mestre (VE), Italy
Designer: Prisma Engineering Srl
Period: 2021 – in progress
Activities: Construction Management

Completion and activation of GMP laboratories for the realization of a Centre for Diabetes Cell Therapy within building C of the Biomedical Campus "Pietro d'Abano" in Via Orus, Padova, Italy

Purchaser: Azienda Ospedaliera di Padova
Location: Padova (PD), Italy
Designer: Prisma Engineering Srl
Period: 2021 – in progress
Activities: Executive design of civil works, MEP, Project Management safety coordination during design phase and execution of work

Restructuring and seismic updating of buildings to be used as offices and new laboratories for Depuracque - Salzano (Venice)

Purchaser: Depuracque Servizi S.r.l.
Location: Salzano (VE), Italy
Designer: Prisma Engineering Srl
Period: 2020 – in progress
Activities: Building dossier, definitive and executive design of civil work, structural work, MEP, fire prevention. safety coordination during design. fire prevention dossier. Project Management

Renewal of spaces used by CNR (National Research Council) - Institute of Neuroscience (IN) within the University of Milan building in via Vanvitelli 32, Milan

Purchaser: CNR - Consiglio Nazionale delle Ricerche, Milan
Location: Milan (MI), Italy
Designer: Prisma Engineering Srl
Period: 2018
Activities: Executive design of MEP and fire prevention system.

Updating of Radiochemistry laboratory following the repositioning of existing cells and installation of new cells for I.E.O. European Institute of Oncology - Milan

Purchaser: COMECER S.p.A.
Location: Milan (MI), Italy
Designer: Prisma Engineering Srl
Period: 2018
Activities: Realization of civil works and MEP

Design of new additional company headquarters for Veritas to be used as Analysis Laboratory and Offices, Mestre (VE)

Purchaser: VERITAS SPA
Location: Mestre (VE), Italia
Designer: Prisma Engineering Srl
Period: 2017 – 2020
Activities: Preliminary, definitive and executive design of architecture and electrical and mechanical systems, equipment lay out

Supply and installation of a structure (compound) for the manipulation and characterization of radionuclides for medical applications for the LARAMED project of the National Institute of Nuclear Physics, National Laboratories of Legnaro (PD)

Purchaser: National Institute of Nuclear Physics, Legnaro
Location: Legnaro (PD), Italy
Designer: Prisma Engineering Srl
Period: 2017 – 2018
Activities: Executive design and turn-key realization.

New building “Epsilon” with research laboratories and study halls, Scientific Campus in Via Torino, Mestre (VE)

Purchaser: Università di Venezia Ca' Foscari
Location: Mestre (VE), Italia
Designer: Prisma Engineering Srl, RPA srl, Berro & Sartori Ingegneria srl
Period: 2017 – in progress
Activities: Definitive and executive design of civil work, structural work, electrical and mechanical systems and equipment lay out. Construction management.

Restructuring and extension of the Veterinary Medicine complex within the multifunctional centre of Agripolis.

Purchaser: Università degli Studi di Padova

Location: Legnaro (PD), Italy

Designer: Arteco, Contec Ingegneria, Prisma Engineering Srl

Period: 2016 – 2018 – Construction Management in progress

Activities: Definitive and executive MEP design. Construction Management.

New laboratories , building Zeta, Scientific Campus in Via Torino, Mestre (VE)

Purchaser: Università di Venezia Ca' Foscari

Location: Mestre (VE), Italy

Designer: Prisma Engineering Srl

Period: 2014

Activities: Preliminary, definitive and executive design of mechanical systems, equipment lay out, construction supervision

Restructuring of the building called “Ex Istituto G. Cini” – Isola di San Domenico, Chioggia (VE), for the realization of a marine biology laboratory for the University of Padova

Purchaser: Università degli Studi di Padova

Location: Chioggia (VE), Italy

Designer: Prisma Engineering Srl

Period: 2014 – in progress

Activities: Definitive and executive design of civil works, structural work, MEP, equipment lay out.

Supply of an integrated facility to retrieve and pre-treat radioactive bituminized drums from their shallow burial deposit in area 40, JRC Ispra (VA)

Purchaser: European Commission - JRC Joint Research Centre

Location: Ispra (VA)

Designer: Prisma Engineering Srl

Period: 2015 – in progress

Activities: Preliminary, definitive and executive design of civil works, structural, electrical and mechanical systems, project management and execution of works

San Gerardo di Monza Hospital - realization of new Nuclear Medicine laboratories and animal facilities.

Purchaser: Università degli Studi di Milano Bicocca

Location: Monza (MB), Italy

Designer: Prisma Engineering Srl

Period: 2010-2012 design phase

Period: 2012 - project management, 2018 construction completed

Activities: Definitive design of architectural and civil works, structural works electrical and mechanical systems. Project Management.

Neutral Beam Test Facility for Consorzio RFX (Fusion For Energy) within the CNR National Research Centre of Padova

Purchaser: Consorzio RFX

Location: Padova, Italy

Designer: Prisma Engineering Srl

Period: 2012

Activities: MEP design for new experiment for nuclear fusion energy

Design of cooling systems for the experiments “Mitica” and “Spider” within the PRIMA site of Consorzio RFX (CNR National Research Centre of Padova). The experimental structure will be managed with the patronage of the European project Fusion for Energy

Purchaser: Consorzio RFX

Location: Padova, Italy

Designer: Prisma Engineering Srl

Period: 2012 – in progress

Activities: Conceptual, executive, detailed and construction design.

Nanotechnology laboratories. Realization of the air treatment system for the equipment called “Nanofabia” and the ancillary laboratories of the C.I.V.E.N. premises – Venice. ISO 7.

Purchaser: C.I.V.E.N. Coordinamento Interuniversitario Veneto per le Nanotecnologie

Location: Marghera, Venezia, Italy

Designer: Prisma Engineering Srl

Period: 2010

Activities: Design and Project Management.

Design of mechanical systems for the new Proton Therapy Centre – Trento, a highly prestigious centre including the latest technologies applied in cancer treatment with PET-CT, Magnetic Resonance, ambulatories, day hospital. ISO 7.

Purchaser: Hydrostudio Consulting Engineering Srl

Location: Trento (TN), Italy

Period: 2008 – 2010

Designer: Prisma Engineering Srl

Activities: Definitive and executive design of mechanical systems.

New “Neutral Beam Test Facility” complex, part of the European project Fusion For Energy. Structures appointed to the experiments “Mitica” and “Spider” within the CNR National Research Centre of Padova

Purchaser: Consorzio RFX

Location: Padova, Italy

Designer: Contec Ingegneria; Artec; Prisma Engineering Srl

Period: 2008 - 2010

Activities: Preliminary, definitive and executive MEP design, construction supervision

New barriered animal facility, ground floor building F, of the research facilities in Via Orus, Padova

Purchaser: Università degli Studi di Padova

Location: Padova, Italy

Designer: Prisma Engineering Srl

Period: 2015

Activities: Definitive and executive design of civil works, structural works, and electrical and mechanical systems. Project management

Design of a new Animal Facility of approx 300 m² on the 4th floor of Building B - building complex “ex Regina Elena” – Università La Sapienza, Rome

Purchaser: Università La Sapienza di Roma

Location: Rome, Italy

Designer: Prisma Engineering Srl

Period: 2015

Activities: Executive design of civil works, mechanical and electrical systems

New territorial premises of “Istituto Zooprofilattico sperimentale delle Venezie” – Verona, with new laboratories, clean room BLS₃

Purchaser: Bilfinger Sielv Facility Management Srl
Location: Buttapietra (VR), Italy
Designer: RTP: Prisma Engineering Srl; GPA Ingegneria Srl; Iconia Srl
Period: 2014 – 2016
Activities: Definitive and executive design of civil works, structural works, sanitary water system, mechanical and electrical installations, equipment lay out

New premises for the National reference centre for scientific research on infectious diseases in the man/animal interface

Purchaser: Bilfinger Sielv Facility Management Srl
Location: Legnaro (PD), Italy
Designer: RTP: Prisma Engineering Srl; GPA Ingegneria Srl; Iconia Srl
Period: 2014
Activities: definitive design of civil works, sanitary water system, mechanical and electrical systems.

New animal facility, ground floor building F, of the research facilities in Via Orus, Padova

Purchaser: VIMM Venetian Institute of Molecular Medicine; Università degli Studi di Padova; Azienda Ospedaliera di Padova
Location: Padova, Italy
Designer: Prisma Engineering Srl
Period: 2013 - 2015
Activities: Project Management and coordination of safety.

Realization of the Cell Factory laboratories within the advanced biomedical research facilities “Fondazione Biomedica Avanzata”, Via Orus 2, Padova

Purchaser: Azienda Ospedaliera di Padova – Università degli Studi di Padova – VIMM Venetian Institute of Molecular Medicine
Location: Padova, Italy
Designer: Prisma Engineering Srl
Period: 2012 – 2014
Activities: Design of specialist equipment, Project Management, accounting.

Architectural and installations design of new university building to be used as Animal Facility, BLS₃ laboratories, within the Chemical Biomedical Centre of Ferrara University

Purchaser: Università degli Studi di Ferrara

Location: Ferrara, Italy

Designer: Prisma Engineering Srl;

Period: 2011 – 2015

Activities: Definitive and executive design, operations management, safety coordination during execution of works.

Cell Factory laboratories (Class B GMP and BLS₃ Class C GMP) within the advanced biomedical research facilities “Fondazione Biomedica Avanzata”, Via Orus 2, Padova

Purchaser: Università degli Studi di Padova, Azienda Ospedaliera di Padova, VIMM Venetian Institute of Molecular Medicine

Location: Padova, Italy

Designer: Prisma Engineering Srl

Period: 2011 - 2012

Activities: Definitive and executive design of architectural design, civil works and electrical and mechanical systems.

Restoration and updating to current regulations of buildings B, C, D, E, F within the advanced biomedical research facilities “Fondazione Biomedica Avanzata”, Padova

Purchaser: Università degli Studi di Padova

Location: Padova, Italy

Designer: Prisma Engineering Srl

Period: 2000-2004

Activities: Preliminary, definitive and executive design. Project Management, coordination of safety

Restructuring of building “G” with creation of laboratories, animal facility and offices within the advanced biomedical research facilities “Fondazione Biomedica Avanzata”, Padova

Purchaser: Università degli Studi di Padova – Azienda Ospedaliera di Padova

Location: Padova (PD), Italia

Design: Prisma Engineering Srl

Period: 1998 - 2000

Activities: Executive design

Healthcare projects

Operating theatres for the Hospital "Santo Spirito" of Pescara.

Purchaser: ASL PESCARA

Location: Pescara (PE), Italy

Designer: Prisma Engineering Srl

Period: 2021 – design in progress

Activities: Definitive /Executive design; Safety coordination during design

Third and Fourth plot of Udine Hospital.

Purchaser: Azienda Ospedaliero - Universitaria Santa Maria della Misericordia di Udine

Location: Udine (UD), Italy

Designer: Politecnica (group leader) – ETS Spa – Cooproggetti scarl - Prisma Engineering Srl – Pool Professionale Milano Srl

Period: 2019 – in progress

Activities: Construction Management, assistance, accounting, safety coordination during design and work, assistance with testing, assistance and support with obtaining all authorizations

New Hospital Centre of Trentino in location Al Desert, Trento

Purchaser: Guerrato SpA

Location: Trento (TN), Italy

Designer: RTP: RPA Srl; Prisma Engineering Srl, Studio Plicchi

Period: 2018 – in progress

Activities: Preliminary design of MEP, fire prevention and safety coordination.

New pavillion for hospitalization and ambulatory activities within Cittadella Hospital and for redevelopment of the affected area

Purchaser: ULSS N.6 EUGANEA

Location: Cittadella (PD), Italy

Designer: LFA Srl (group leader) – Prisma Engineering Srl

F-Project srl – Arch. Giulio Campello – Dr. Pietro Semenza

Period: 2018 – 2022

Activities: Technical Economical Feasibility Study. Definitive design.

Enhancement of the research infrastructures GMP Facility, research laboratories and diagnostics and treatment services of ISMETT (Mediterranean Institute for Transplants and highly specialized Treatments). Laboratory Class B GMP.

Purchaser: IRCCS ISMETT

Location: Palermo (PA), Italy

Designer: Prisma Engineering Srl

Period: 2017 – in progress

Activities: Definitive design of civil works, MEP and fire prevention system. Executive design in progress.

Design & Build of the Paola Primary Health Care Southern Regional Hub using environmental friendly construction materials and products. 60 beds.

Purchaser: Ergon Projects Ltd

Location: Paola, Malta

Designer: Prisma Engineering Srl, Fontana Atelier

Period: 2017 – in progress

Activities: MEP design

Structural and functional improvement of the Intensive Care Unit – first floor, building DEA - San Carlo Hospital, Milano.

Purchaser: ASST Santi Paolo e Carlo

Location: Milano (MI), Italy

Designer: Prisma Engineering Srl

Period: 2017

Activities: Executive MEP design.

Realization of the new 450 beds hospital of Vibo Valentia

Purchaser: Vibo Hospital Service S.p.A.

Location: Vibo Valentia, Italy

Designer: Prisma Engineering Srl, Sintagma srl, Studio Angotti srl, Studio Andreatta & Partners srl

Period: 2015 – in progress

Activities: Preliminary, definitive and executive design of electrical and mechanical systems, MEP for large equipment for image diagnostics and cancer centre

Executive design and execution of works for the realization of the new Dialysis Centre, Day Surgery and ambulatories within S. Donà di Piave Hospital (Venice)

Purchaser: Guerrato S.p.A.

Location: S. Donà di Piave (VE), Italy

Designer: Prisma Engineering Srl, Prof. Plicchi, Arch. Rizzoli

Period: 2014 – 2016

Activities: Executive design of electrical and mechanical systems

Design of electrical and mechanical systems for a Centre for Pediatric Surgery - Kampala, Uganda

Purchaser: EMERGENCY N.G.O.

Location: Kampala, Uganda

Designer: Prisma Engineering Srl, RPBW Renzo Piano Building Workshop, Milan Ingegneria srl, Studio Tamassociati

Period: 2013 – 2018

Activities: Preliminary, definitive and executive design of electrical and mechanical systems

New operating theatres for the Oncology department of Zlitan Teaching Hospital, Libya

Purchaser: Ministry of Health, Libya

Location: Zlitan, Libya

Designer: Prisma Engineering Srl

Period: 2013 - 2014

Activities: Definitive and executive design of architecture, structures, mechanical and electrical systems

**Heating management and maintenance of technological systems – Palermo Hospitals “Civico e Benefratelli” and “Di Cristina”.
Requalification and new tri-generation plant.**

Purchaser: Guerrato Spa

Location: Palermo (PA), Italy

Designer: Prisma Engineering Srl

Period: 2013

Activities: Definitive and executive design of civil works, MEP

Executive design of all work and supplies needed for the realization of Asiago Hospital

Purchaser: Guerrato SpA

Location: Asiago (VI), Italy

Designer: RTP: Prisma Engineering Srl; Favero e Milan Ingegneria Spa; Alfaluda Srl; Prof. Ing. Gianni Plicchi

Period: 2012-2013

Activities: General coordination, executive design of architectural and civil works, electrical, sanitary water and mechanical systems.

New Hospital in Livorno

Purchaser: Guerrato Spa

Location: Livorno (LI), Italy

Designer: RTP: Prof. Ing. Gianni Plicchi; G.P.A. Ingegneria Srl; Prisma Engineering Srl; Studio Hydrogeo; Ing. Marco Ciccone

Period: 2012

Activities: Preliminary design of architectural and civil works, electrical, sanitary water and mechanical systems, equipment layout.

Updating work of the Core Lab laboratory for Reggio Emilia Hospital

Purchaser: Azienda Ospedaliera di Reggio Emilia

Location: Reggio Emilia (RE), Italy

Designer: Prisma Engineering Srl

Period: 2010

Activities: Definitive and executive design of architectural and civil works, MEP and healthcare engineering.

Design of architectural and structural work, electrical and mechanical systems for the 120 bed Public Hospital of Az Zentan - Libya

Purchaser: Al Usool al Aqariya for General Contracting Co.

Location: Az Zentan, Libya

Designer: Prisma Engineering Srl

Period: 2010

Activities: Preliminary and definitive design of civil and structural works, electrical and mechanical systems, equipment lay out, project management

Design of new operating ward, new intensive care, new radiology department, new emergency room and new access ways for the 600 beds Hospital in Feltre. ISO 7 and ISO 5.

Purchaser: ULSS n. 2 di Feltre

Location: Feltre (BL), Italy

Designer: Prisma Engineering Srl

Period: 2009 - 2011

Activities: Definitive and executive design of architectural, civil and structural works, MEP, equipment lay out and healthcare engineering.

New Central Hospital for Acute Illnesses - Monselice. The hospital is made up of three areas, each with a series of departments: analysis laboratories, radiology, poly-ambulatories, hospitalization ward and operating theatres

Purchaser: ULSS n. 17 di Monselice – Este (PD)

Location: Monselice (PD), Italy

Designer: RTP: Prisma Engineering Srl; Net Engineering SpA; Arteco Srl; Tecnar

Period: 2009 - 2010

Activities: Architectural design, Civil Works, structural works, MEP design, equipment lay out, healthcare engineering

Design of new ward with two operating theatres for Noventa Vicentina Hospital

Purchaser: ULSS n. 6 di Vicenza

Location: Noventa Vicentina (VI), Italy

Designer: Prisma Engineering Srl

Period: 2009

Activities: Definitive and executive design of architectural design, civil and structural works, MEP, healthcare engineering.

Design of new operating theatres on the 3rd floor of the IOV Veneto Oncology Institute – Padova. ISO 5.

Purchaser: Gruppo SAE S.p.A per l'Azienda Ospedaliera di Padova

Location: Padova, Italy

Designer: Prisma Engineering Srl

Period: 2007

Activities: Executive design of architectural and civil works, MEP.

New Central Analysis Laboratory of Belcolle Hospital, equipped with automatic diagnostics systems

Purchaser: ASL Viterbo

Location: Belcolle (VT), Italy

Designer: Prisma Engineering Srl

Period: 2006 - 2007

Activities: Definitive and executive design of architectural design, civil works and electrical and mechanical systems.

Extension and updating to current regulations of the cosmetic surgery facilities in Via S. Lucia - Padova, with day surgery and two operating theatres

Purchaser: Pallaoro Medical Laser

Location: Padova, Italy

Designer: Prisma Engineering Srl

Period: 2005

Activities: Preliminary, definitive and executive design of civil works, electrical and mechanical systems, Project Management, coordination of safety.

New highly automatized and complex analysis laboratory for Baggiovara Hospital. B.L.U. – Baggiovara Unified Laboratory covers Modena’s medical district with 10 million tests carried out per year

Purchaser: Beckman Coulter SpA per l’AUSL Modena

Location: Baggiovara (MO), Italy

Designer: Prisma Engineering Srl

Period: 2003

Activities: Architectural Design, structural design, MEP design, equipment lay out and Project Management
